Messy Mark Big:

The Spruce Valley Miracle Andrew Dequasie,1999-10-18 Our civilization is indeed fortunate that Dr Visionaire has been the first to solve the problem of turning back the clock on the aging process Fortunate because the brilliant Dr Visionaire is a highly ethical man He knows that his discovery can have disastrous consequences a sudden population explosion as death becomes rare economic chaos as pension plans go bankrupt entrenchment of immortal dictators frozen opportunities for young people facing an immovable establishment The doctor decides to expose the world to proof of his discovery in a small way without revealing the secret He knows that someone else will eventually discover the secret and perhaps have no compunction about releasing it but hopes to give the world time to prepare for the consequences before it becomes an unleashed reality He takes a job as resident physician in the Spruce Valley rest home for elderly people As the residents begin to regain their youth he pretends to be mystified and encourages the rumor that the spring supplying water to the facility might be a second Lourdes Then he leads the owner of the rest home and the owner's wife into a plot to confirm the Lourdes hoax As the good doctor puts it it's necessary to give God the credit and the blame The doctor has chosen his fellow conspirators well They have a grand time establishing the hoax which sometimes succeeds all too well As the fame of the Spruce Valley Miracle spreads and the facility is doubled the first of Doctor Visionaire's predictions comes true the Government wants a piece of the action in order to give certain VIPs preferred status Government money doubles the facility again bringing a host of new characters and overwhelming paperwork The local Government agent Jane Ormond becomes the doctor's soul mate Then the second of Doctor Visionaire's predictions comes true the bad guy appears A renegade CIA man worms his way into Spruce Valley to search out the real source

Night Swimming Laura Moore,2007-12-18 The deeper you dive the sweeter the reward When college offered an escape Lily fled her hometown of Coral Beach and never looked back Now a marine biologist she must return there on a job to preserve the reefs that give the town its name But going back means dealing with her past her family and worst of all Sean McDermott As teens while Lily passed through an especially awkward phase Sean attractive and self assured was her constant tormentor Lily doubts that things will have changed But Lily's awkward phase is long over and though she finds that Sean still makes her blood boil it's for very different reasons As mayor Sean knows how important it is to maintain the town's natural beauty and if the return of Lily Banyon is the price he has to pay so be it He can overlook her cold shoulder and give back as good as he gets What's harder to disregard is the fact that Lily has grown into a smart and beautiful woman as passionate about saving Coral Beach as she once was about leaving it While working closely together it becomes obvious to Sean that if he and Lily can put the past behind them they could have a passionate future
