Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office, 1977 *The Encyclopedia of Old Fishing Lures* Robert A. Slade, 2011-12 Robert A Slade after collecting old fishing tackle since 1958 and contributing articles on old fishing lures for a collector magazine for several years started researching and writing books in the 1990 s He published the HISTORY COLLECTIBLE FISHING TACKLE OF WISCONSIN in 1999 which sold 4 500 copies Bob realized that even though there have been many books published on the subject of old fishing lures that few books covered any detailed history on the old lure makers His latest book writing project was nine years in the making and covers over 100 years of lure making history starting in 1875 and covers over 2 500 lures makers throughout all of North America THE ENCYCLOPEDIA OF OLD FISHING LURES MADE IN NORTH AMERICA is the first publication with extensive history and patent information on old lure makers and the first to include extensive coverage on Canadian lure makers The author traveled to 11 states and 3 Candian Providences visting collectors homes newspaper archives museums and other sources and has taken over 10 000 pictures in preparing the historical stories for these books The set of books arranges for the individual and company lures makers to appear in alphabetical order People purchasing these books can buy any one single book a whole set or even a book a month if they desire as the books will be printed and shipped on demand Each book has over 400 pages of text pictures and collector values with each book containing a table of contents and index as well as a master index for the complete set of books Chambers's Encyclopedia , 1967 **Index to Handicraft Books, 1974-1984** Carnegie Library of

Pittsburgh. Science and Technology Department, 1986 Handicrafts and do it yourself projects have al ways been a library s most popular and heavily re quested subject And for more than a decade a definitive index to handicraft books has not been published To fill this gap the Science and Tech nology Department at Carnegie Library of Pitts burgh has compiled the Index to Handicraft Books listing more than 900 books and over 12 400 sub ject entries covering books published from 1974 to 1984 The Index to Handicraft Books is an essential ref erence tool for librarians who want to help some one find instructions for a varied range of do it yourself projects providing quick access to craft projects in books more recent than previous handi

craft index books have listed Each entry in the index consists of a subject heading the name of the project as listed in the book the author and title of the book and the page numbers on which the project can be found The author and title correspond to those in the List of Works Cited section which gives full bibliographic information in order to help librarians find the book on their shelves or obtain the book through inter library loan Because this index developed from a card file index of craft books acquired by Carnegie Library since 1974 the list concentrates mainly on medium priced books that most libraries buy

Encyclopaedia of the History of Science, Technology, and Medicine in Non-Western Cultures Helaine Selin, 2013-11-11

The Encyclopaedia fills a gap in both the history of science and in cultural studies Reference works on other cultures tend either to omit science completely or pay little attention to it and those on the history of science almost always start with the Greeks with perhaps a mention of the Islamic world as a translator of Greek scientific works The purpose of the Encyclopaedia is to bring together knowledge of many disparate fields in one place and to legitimize the study of other cultures science Our aim is not to claim the superiority of other cultures but to engage in a mutual exchange of ideas The Western academic divisions of science technology and medicine have been united in the Encyclopaedia because in ancient cultures these disciplines were connected This work contributes to redressing the balance in the number of reference works devoted to the study of Western science and encourages awareness of cultural diversity The Encyclopaedia is the first compilation of this sort and it is testimony both to the earlier Eurocentric view of academia as well as to the widened vision of today There is nothing that crosses disciplinary and geographic boundaries dealing with both scientific and philosophical issues to the extent that this work does
