Metaphor Robert Rogers,1978-01-01 **Metaphor and Fields** S. Montana Katz,2013-01-03 Metaphor and Fields is an explanation and demonstration of the value of metaphoric processes and fields in psychoanalysis In this book Montana Katz articulates a future direction for psychoanalysis which is progressively explored taking into account features essential to psychoanalysts of all persuasions clinically and theoretically In this way psychoanalysis is brought into the postmodern future by fashioning an umbrella for the discipline With this umbrella the barriers to mutual understanding may be dismantled and a path permanently forged to the possibility of meaningful international intercultural interdisciplinary and poly perspectival psychoanalytic exchange Metaphor and Fields organically merges work on metaphoric processes with work on fields The use of a framework with metaphoric processes and fields combined exhibits the uniqueness of psychoanalysis and shows how it explores and explains human experience The relational fields of the North American school of relational theory intersubjective matrices self object matrices and the ground breaking work of Madeleine and Willy Baranger are all examples of field concepts that have been successfully employed in theoretical frameworks and clinical technique They show how other schools of thought can be understood as using an implicit field concept The chapters in this book approach the subject from diverse vantage points Taken together they form an intricate web of psychoanalytic thought that moves the scope of psychoanalysis beyond dispute towards the open inclusive discussion of core concepts and technique Metaphor and Fields will be of interest to psychoanalysts psychiatrists mental health clinicians psychologists social workers and a wide academic audience drawn from the fields of philosophy linguistics comparative literature anthropology and sociology Metaphor,1985-01-01 The aim of the present bibliography is to provide the student of metaphor with an up to date and comprehensive albeit not exhaustive overview of recent publications dealing with various aspects of metaphor in a variety of disciplines Where the emphasis is primarily on specific works about metaphor mainly in philosophy linguistics and psychology the list has been supplemented with references to studies where metaphor is explicitly recognized as an instrument of research or analysis e g in literature or in the elaboration of scientific and religious models or where its use is illustrated **Metaphor Therapy** Richard R. Kopp,2013-06-17 First published in 1995 Routledge is an imprint of Taylor Francis an informa company Metaphor and Meaning in Psychotherapy Ellen Y. Siegelman,1993-08-01 When therapists hear patients talk of feeling imprisoned burning with rage trapped or unequipped they are witnessing manifestations of the symbolic attitude the hallmark of all depth psychology Most clinicians naturally respond to and use metaphors but they often fail to understand the full potential of metaphoric images This volume in addressing the transforming power of metaphor demonstrates how clinicians can deepen the therapeutic encounter **The Intersection of Poetry and Jungian Analysis Through Metaphor** Regina Colonia-Willner,2024-08-06 The Intersection of Poetry and Jungian Analysis Through Metaphor In Creation You Are Created explores the relationship between Jungian psychoanalytical intervention and poetry focusing on the

emergence of metaphor which occurs in both processes as it happens in neuroscience and fairy tales Metaphor is a mode of communication that forms a bridge between different experience domains through associative linkages it refers to a subject by mentioning another for rhetorical effect Indeed the prominence of metaphor in Jungian therapy is a characteristic that differentiates it from other forms of treatment That s because metaphor as we will see in this book is deeply rooted in the body in two ways It is used to organize bodily sensations cognitively and is located on the border between mind and brain C G Jung uses a metaphor when he observes in Memories Dreams Reflections As far as we can discern the sole purpose of existence is to kindle a light in the darkness of mere being
