

The Divine Vision of Dante's *Paradiso*

The Metaphysics of Representation

William Franke

Metaphysics Of Dantes Comedy

Paul Stern

Metaphysics Of Dantes Comedy:

The ^AMetaphysics of Dante's Comedy Christian Moevs, 2005-03-17 Dante's metaphysics his understanding of reality is very different from our own To present Dante's ideas about the cosmos or God or salvation or history or poetry within the context of post Enlightenment presuppositions as is usually done is thus to capture only imperfectly the essence of those ideas The recovery of Dante's metaphysics is essential argues Christian Moevs if we are to resolve what has been called the central problem in the interpretation of the Comedy That problem is what to make of the Comedy's claim to the status of revelation vision or experiential record as something more than imaginative literature In this book Moevs offers the first sustained treatment of the metaphysical picture that grounds and motivates the Comedy and of the relation between those metaphysics and Dante's poetics He carries this out through a detailed examination of three notoriously complex cantos of the Paradiso read against the background of the Neoplatonic and Aristotelian tradition from which they arise Moevs finds the key to the Comedy's metaphysics and poetics in the concept of creation which implies three fundamental insights into the nature of reality 1 The world finite being is radically contingent dependent at every instant on what gives it being 2 The relation between the world and the ground of its being is non dualistic God is not a thing and there is nothing the world is made of 3 Human beings are radically free unbound by the limits of nature and thus can find all of time and space within themselves These insights are the foundation of the pilgrim Dante's journey from the center of the world to the Empyrean which contains it For Dante in sum what we perceive as reality the spatio temporal world is a creation or projection of conscious being which can only be known as oneself Moevs argues that self knowledge is in fact the keystone of the Aristotelian and Neoplatonic philosophical tradition and the essence of the Christian revelation in which that tradition culminates Armed with this new understanding Moevs is able to shed light on a series of perennial issues in the interpretation of the Comedy In particular it becomes clear that poetry coincides with theology and philosophy in the poem Dante poeta cannot be distinguished from Dante theologus *The Metaphysics of Dante's Comedy* Christian Moevs, 2008-10-13 The recovery of Dante's metaphysics which are very different from our own is essential argues Christian Moevs if we are to resolve what has been called the central problem in the interpretation of the Comedy That problem is what to make of the Comedy's claim to the status of revelation vision or experiential record as something more than imaginative literature In this book Moevs offers the first sustained treatment of the metaphysical picture that grounds and motivates the Comedy and the relation between those metaphysics and Dante's poetics Moevs arrives at the radical conclusion that Dante believed that all of what we perceive as reality the spatio temporal world is in fact a creation or projection of conscious being Armed with this new understanding Moevs is able to shed light on a series of perennial issues in the interpretation of the Comedy Dante's Commedia Vittorio Montemaggi, Matthew Treherne, 2010-03-15 In Dante's Commedia Theology as Poetry an international group of theologians and Dante scholars provide a uniquely rich set of

perspectives focused on the relationship between theology and poetry in the *Commedia* Examining Dante's treatment of questions of language personhood and the body his engagement with the theological tradition he inherited and the implications of his work for contemporary theology the contributors argue for the close intersection of theology and poetry in the text as well as the importance of theology for Dante studies Through discussion of issues ranging from Dante's use of imagery of the Church to the significance of the smile for his poetic project the essayists offer convincing evidence that his theology is not what underlies his narrative poem nor what is contained within it it is instead fully integrated with its poetic and narrative texture As the essays demonstrate the *Commedia* is firmly rooted in the medieval tradition of reflection on the nature of theological language while simultaneously presenting its readers with unprecedented sustained poetic experimentation Understood in this way Dante emerges as one of the most original theological voices of the Middle Ages

Contributors Piero Boitani Oliver Davies Theresa Federici David F Ford Peter S Hawkins Douglas Hedley Robin Kirkpatrick Christian Moevs Vittorio Montemaggi Paola Nasti John Took Matthew Treherne and Denys Turner [Dante's Philosophical Life](#) Paul Stern, 2018-05-02 When political theorists teach the history of political philosophy they typically skip from the ancient Greeks and Cicero to Augustine in the fifth century and Thomas Aquinas in the thirteenth and then on to the origins of modernity with Machiavelli and beyond Paul Stern aims to change this settled narrative and makes a powerful case for treating Dante Alighieri arguably the greatest poet of medieval Christendom as a political philosopher of the first rank In *Dante's Philosophical Life* Stern argues that Purgatorio's depiction of the ascent to Earthly Paradise that is the summit of Mount Purgatory was intended to give instruction on how to live the philosophic life understood in its classical form as love of wisdom As an object of love however wisdom must be sought by the human soul rather than possessed But before the search can be undertaken the soul needs to consider from where it begins its nature and its good In Stern's interpretation of Purgatorio Dante's intense concern for political life follows from this need for it is law that supplies the notions of good that shape the soul's understanding and it is law especially its limits that provides the most evident display of the soul's enduring hopes According to Stern Dante places inquiry regarding human nature and its good at the heart of philosophic investigation thereby rehabilitating the highest form of reasoned judgment or prudence Philosophy thus understood is neither a body of doctrines easily situated in a Christian framework nor a set of intellectual tools best used for predetermined theological ends but a way of life Stern's claim that Dante was arguing for prudence against dogmatism of every kind addresses a question of contemporary concern whether reason can guide a life

Dante's Journey to Polyphony Francesco Ciabattoni, 2015-01-15 In *Dante's Journey to Polyphony* Francesco Ciabattoni's erudite analysis sheds light on Dante's use of music in the *Divine Comedy* Following the work's musical evolution Ciabattoni moves from the cacophony of *Inferno* through the monophony of Purgatory to the polyphony of Paradise and argues that Dante's use of sacred songs constitutes a thoroughly planned system Particular types of music accompany the pilgrim's itinerary and reflect medieval theories regarding sound and the sacred

Combining musicological and philological scholarship this book analyzes Dante's use of music in conjunction with the form and content of his verse resulting in a cross discipline analysis also touching on Italian Studies Medieval Studies and Cultural History After moving from infernal din to heavenly harmony Ciabattone's final section addresses the music of the spheres a theory that enjoyed great diffusion among the early middle ages inspiring poets and philosophers for centuries The Cambridge Companion to Dante's 'Commedia' Zygmunt G. Barański, Simon Gilson, 2019 Accessible and informative account of Dante's great Commedia its purpose themes and styles and its reception over the centuries **Dante's Paradiso and the Theological Origins of Modern Thought** William Franke, 2021-03-24 Self reflection as the hallmark of the modern age originates more profoundly with Dante than with Descartes This book rewrites modern intellectual history taking Dante's lyrical language in Paradiso as enacting a Trinitarian self reflexivity that gives a theological spin to the birth of the modern subject already with the Troubadours The ever more intense self reflexivity that has led to our contemporary secular world and its technological apocalypse can lead also to the poetic vision of other worlds such as those experienced by Dante Facing the same nominalist crisis as Duns Scotus his exact contemporary and the precursor of scientific method Dante's thought and work indicate an alternative modernity along the path not taken This other way shows up in Nicholas of Cusa's conjectural science and in Giambattista Vico's new science of imagination as alternatives to the exclusive reign of positive empirical science In continuity with Dante's vision they contribute to a reappropriation of self reflection for the humanities The Divine Comedy of Dante Walter Lorenzo Sheldon, 1905 **Jung, Dante, and the Making of the Red Book: Of Fire and Form** Tommaso Priviero, 2023-08-04 This book explores the genesis of the Red Book or Liber Novus through the lens of Jung's lifelong confrontation with Dante and in doing so provides the first ever thorough comparative analysis of the intertextual and symbolical correspondences between Liber Novus and the Commedia Starting from Jung's multifaceted fascination with Dante and his pivotal role in the former's visionary material at historical hermeneutical and psychological levels the book challengingly envisions Liber Novus as Jung's Divine Comedy This work finds a new way of approaching Jung's understanding of concepts such as visionary works and visionary mind and considers how this approach can enhance our vision of depth psychology Through various thematics such as the metanoia and the symbolism of animals as well as the transformative role of the feminine and the erotic and spiritual imagery of the soul this work revolves around the Jung-Dante correlation Offering an original perspective within the field of Jungian and Dante scholarship this book will be of great interest to academics and postgraduate students studying in the areas of Jung-Dante analytical psychology depth psychology hermeneutics and Western esoteric currents and practices The book will also appeal to Jungian analysts and psychoanalysts more broadly Dante, Mercy, and the Beauty of the Human Person Leonard J. DeLorenzo, Vittorio Montemaggi, 2017-07-14 Dante Mercy and the Beauty of the Human Person is a pilgrimage to rediscover the spiritual and humanizing benefit of the Commedia Treating each cantica of the poem this volume offers profound meditations on the intertwined themes of memory

prayer sainthood the irony of sin theological and literary aesthetics and desire all while consistently reflecting upon the key themes of mercy and beauty in the revelation of the human person within the drama of divine love
