Method in Theology Bernard J. F. Lonergan, 1979 Method in Theology stands with Insight as Bernard Lonergan's most important work It is Lonergan's answer to those who would argue that in this time of cultural change and dissolution the believer is afloat on a sea of multiplying theologies without rudder or compass Lonergan was resolute in his refusal to be defeatist on this point While agreeing that theology must continually change to mediate between religion and culture he worked out an integral method to guide and control this ongoing process This is a reprint of the 1973 edition A new annotated edition of Method in Theology will be published eventually as a part of the Collected Works of Bernard Lonergan

Method in Theology Frederick E. Crowe, 1980 **Method in Theology** Bernard J.F. Lonergan, 1975 **What are They Saying about Theological Method?** John J. Mueller, 1984 An overview of the most popular contemporary methods of doing theology with a view of some of the best known Christian philosophers of method Publisher **Method, Meaning, and Revelation** Neil Ormerod, 2000 In Method Meaning and Revelation Ormerod examines the writings of Lonergan to ascertain his theology of revelation and to place this in the context of current theologies of revelation Rahner Pannenberg and Lindbeck Ormerod's synthesis of Lonergan's position is that of seeing revelation as the entry of divine meanings and values into human history A valuable addition to the study of the work of Lonergan **Method of Theology**, 1901 The Method of Christian Theology Rhyne Putman, 2021-05-15 In The Method of Christian Theology Rhyne Putman guides readers through the essential first words of systematic theology Written for entry level theology students this book gives clear suggestions about how to use theological sources how to reason through difficult problems and how to apply theological reflection to paper writing and preaching By studying the foundations of theology readers will be better equipped to serve God's people in whatever ministry they are called to Introducing Theological Method Mary M. Veeneman, 2017-11-07 Sound theological method is a necessary prerequisite for good theological work This accessible introduction surveys contemporary theological methodology by presenting leading thinkers of the 20th and 21st centuries as models The book presents the strengths and weaknesses in each of the major options Rather than favoring one specific position it helps students of theology think critically so they can understand and develop their own theological method
