Misinformed Consent Thirteen Women Share Their Stories Of Unnecessary Hysterectomy:

Misinformed Consent Lise G. (Lise Ginette) Cloutier-Steele, 2002 **The Hysterectomy Hoax** Stanley West, Paula Dranov, 2002 Dr West takes a firm stand against the surgery except in cases where a woman has cancer He argues that the surgery can do more harm than good and presents unnecessary risks except in those situations involving a life threatening illness **The Tyranny of Niceness** Evelyn Sommers, 2005-07-02 The Tyranny of Niceness identifies and confronts our most fundamental social dysfunction niceness Psychologist Evelyn Sommers identifies and confronts our most fundamental social dysfunction niceness **Sources**, 2003 **BMJ**, 2005 *Canadian Books in Print*, 2003 **Quill & Quire**, 2002

Misinformed Consent Lise Cloutier-Steele, 2003 The personal accounts in this collection were written by women who have undergone hysterectomies and they offer a sobering perspective on the surgery The potential risks and irreversible consequences of the surgery are presented to dispel popular beliefs that hysterectomies pose no medical or emotional risks The stories and resources encourage individual women and the medical community at large to consider alternative and more effective treatment options This replaces 0773762868 **Misinformed Consent** Lise Cloutier-Steele, 2001-01-01

Uninformed Consent Susan R. Urquhart, 2009-01-01 The unfortunate surgery launched me into an immediate and severe depression a place I had never been Lost I searched for the old me I struggled and was able to return to whom I am now still hurting and irreparably damaged but functioning My physician breached her fiduciary responsibility to me by failing to advise me of all the probable consequences of my castration and my total abdominal hysterectomy Not only did I give an uninformed consent to this surgery my doctor grossly misrepresented the outcome She lied When I confronted her with my suffering she laughed at me I procured a copy of my medical records and discovered the reasons for surgery were bogus I view the coercion as a violent and criminal act I began writing to quell my rage Here is my story **Unnecessary**

Hysterectomies, the Second Most Common Major Surgery in the United States United States. Congress. Senate.

Committee on Labor and Human Resources. Subcommittee on Aging, 1993 **The Ultimate Rape** Elizabeth L.

Plourde, 1998 *Hysterectomy* Sue Ellen Barber, 1996 Even before she had her hysterectomy Sue Barber realized the surgery was a derision that anguished not only herself but more than 600 000 American women who every year consent to the life changing operation She began to keep notes talked to other women interviewed medical professionals and researched the subject As a result of her personal experience and her sharp inquiries Sue Barber has produced a handbook of hysterectomy for women A frank detailed and very informative book that should be must reading for any woman confronted with this agonizing problem Michael Korda Editor in Chief Simon Schuster **13 Jars** Rob Fischer, 2012-03-28 13 Jars is a collection of true stories from women who chose to abort their baby and exposes the profound irreversible consequences of their choice These women s stories reveal the devastating impact of abortion on men and women s physical emotional social and spiritual well being 13 Jars tells the stories of these women in a straight forward non offensive manner

13 Jars would be a fitting book for those considering abortion those who have had an abortion those who counsel others or know others who have had an abortion or simply for those who desire to protect unborn children and the parents of those children The message of God s amazing redemptive power through Jesus Christ shines through the darkness of these stories
