Djinn Encounters Sinan Özgenç, Hi I am a journalist living in Turkey Investigating the paranormal is one of my personal hobbies In this book you will read about some of my readers' experiences with djinns that they have shared with me Of course on condition that the personal details of those who told me these stories are kept confidential As you know paranormal subjects such as djinns, ghosts, etc. are very controversial Naturally the stories in this book may be met with scepticism from many points of view Personally I have many scientific theories about the content, causes and qualities of almost all the stories shared with me However my aim in this compilation is not to make a scientific analysis of the djinn experiences in the book or to propagandise any subject My aim is to share them with the readers just as they were told to me as personal horror or mystery stories I hope you can enjoy reading them as much as I did By the way I recommend you to read the Beliefs About Djinns section at the end of the book before starting the book This is a useful section that will both facilitate your understanding of the stories in the book and provide you with new information about the belief in djinns
