Booth's life and work has since been largely neglected. This neglect has extended to her theological ideas even though they were critical to the formation of Salvationism, the spirituality of the movement she cofounded. This book examines the implicit theology that undergirds Catherine Booth's Salvationist spirituality and reveals the ethical concerns at the heart of her soteriology and the integral relationship between the social and evangelical aspects of Christian mission in her thought. Catherine Booth emerges as a significant figure from the Victorian era, a British theologian and church leader with a rare if not unique intellectual and theological perspective that of a woman.

George Thomas Kurian, Sarah Claudine Day, 2017-03-14. Though the church universal is an ancient institution, the contemporary ministry landscape is always changing. That's why a new resource with useful information about Christian organizations is needed. The Essential Handbook of Denominations and Ministries is an easy-to-use guide to more than 200 of the largest denominations and 300 ministries in the United States. The entries for organizations include a brief history and summary, a contemporary profile and discussion on doctrinal emphases, creeds, membership and interdenominational and ecumenical alliances. Pastors, ministry leaders, community leaders and students will find this resource a helpful guide as they seek to understand Christian denominations and ministries.

**From Goodwill to Grunge** Jennifer Le Zotte, 2017-02-02. In this surprising new look at how clothing style and commerce came together to change American culture, Jennifer Le Zotte examines how secondhand goods sold at thrift stores, flea markets and garage sales came to be both profitable and culturally influential. Initially, selling used goods in the United States was seen as a questionable enterprise focused largely on the poor. But as the twentieth century progressed, multimillion-dollar businesses like Goodwill Industries developed, catering not only to the needy but increasingly to well-off customers looking to make a statement. Le Zotte traces the origins and meanings of secondhand style and explores how buying pre-owned goods went from a signifier of poverty to a declaration of rebellion. Considering buyers and sellers from across the political and economic spectrum, Le Zotte shows how conservative and progressive social activists, from religious and business leaders to anti-Vietnam protesters and drag queens, shrewdly used the exchange of secondhand goods for economic and political ends. At the same time, artists and performers from Marcel Duchamp and Fanny Brice to Janis Joplin and Kurt Cobain all helped make secondhand style a visual marker for youth in

revolt
