Redpath Vol 1 The History Of A Sugar House:

Redpath Richard Feltoe,1991-08-15 Redpath today a household name for sugar in Canada has its roots in the story of an enterprising Scots immigrant initially a stone mason and later a building contractor during the boom days of Montreal's growth from a small provincial centre to a major North American city In 1854 the ever energetic John Redpath by then a self made millionaire in his late fifties launched a new career as an industrialist With his son Peter and the gifted George Alexander Drummond as manager he established Canada's first successful sugar refinery The Redpath story encompasses the influence of sugar as an economic force the emergence of the elegant social life of cosmopolitan Montreal and a hind sight view of the complexities of the love hate relationship between government and business This the first of two volumes moves through Canada's period of extensive industrialization to the turn of the century the impact of World War I and concludes in the post war years Throughout this period the familiar Redpath trademark a reproduction of John Redpath's signature is a reminder of the heritage inherent in Canada's business and social history *A Gentleman of Substance*
