Putting Social Justice and Equity at the Heart of Reading for Pleasure Jane Carter, 2025-03-31 This essential book discusses what reading for pleasure is and what it is not introducing some fundamental ideas about how we learn to read and how this process can impact a child's identity as a reader in classrooms that promote equality inclusion and diversity The profile and importance of Reading for Pleasure has grown significantly over the last few years and is now firmly embedded in both government policy and the Ofsted framework Developing a Reading for Pleasure school that is truly inclusive of the whole school community however can require a culture shift in relation to the teaching of reading representation in the reading environment and the knowledge and attitudes of the school community This book seeks to use the current research teacher case studies and the voices of children to address some of the issues that teachers and pre service teachers encounter when trying to develop an inclusive Reading for Pleasure culture within their schools Each chapter is co authored by teachers and researchers and includes case studies and children's perspectives It provides practical and evidence based advice lesson ideas and creative ideas to both support and challenge all school leaders staff and student teachers in their journey to create readers rather than children that can just read

Reflective Practice in Education and Social Work Robyn Ewing, Fran Waugh, David L. Smith, 2021-12-14 This book offers unique interdisciplinary insights into developing connections between reflective practice and employability particularly through the lenses of the education and social work professions It recognises the various meanings that can be applied to the notion of reflection and examines the challenges of using reflective practice in the workplace The chapters explore the tensions that arise from preparing professionals to be agents of change and concerned with social justice and equity Further the book provides much needed perspective on how diverse positions can be identified and leveraged and shared meanings negotiated in the creation of meaningful professional learning resources for early career teachers and social workers and across the career continuum

Bringing together contributions from internationally renowned scholars *Reflective Practice in Education and Social Work* is essential reading for early career and experienced professionals in education and social work academics and practitioners seeking further professional development in reflective practice *Advancing Next-Generation Teacher Education through Digital Tools and Applications* Grassetti, Mary, Brookby, Silvy, 2016-11-04 The implementation of the Common Core State Standards program has spearheaded many changes within the education field As this initiative is ultimately designed to optimize student performance and success it is critical that teacher education programs and technological tools being utilized in classrooms align with Common Core State Standards *Advancing Next Generation Elementary Teacher Education through Digital Tools and Applications* examines the impact of Common Core State Standards on teaching and learning within elementary classrooms Focusing on the influence that Common Core has on teacher education programs and how the implementation of educational technologies is continuously changing the field this book is ideally suited for teacher educators researchers administrators classroom teachers policy makers and technology support personnel *Video Pedagogy in Action* Mary B. McVee, Lynn E. Shanahan, H. Emily Hayden, Fenice B. Boyd, P. David Pearson, 2017-12-12 Combining video analysis with the well known Gradual Release of Responsibility GRR model this book offers teacher educators a fresh perspective and a new tool for supporting teachers learning and reflection The clearly articulated and useful framework shifts the focus away from children and toward teachers thinking about their own teaching practice Interwoven with practical examples of the framework in use this book identifies ways that teachers and teacher educators can foster more productive kinds of reflection about video recorded classroom interactions and support preservice and inservice teachers Offering key tools such as templates for reflection video viewing guides self analysis checklists and activities this book moves the field forward and establishes video reflection and the GRR process as critical tools for teacher reflection professional development and effective teaching and learning *Reflective Theory and Practice in Teacher Education* Robyn Brandenburg, Kathryn Glasswell, Mellita Jones, Josephine Ryan, 2017-03-30 This book offers a detailed examination of reflective practice in teacher education In the current educational context where reflective practice has been mandated in professional standards for teachers in many countries it analyses research based evidence for the power of reflective practice to shape better educational outcomes The book presents multiple theoretical and practical views of this often taken for granted practice so that readers are challenged to consider how factors such as gender and race shape understandings of reflective practice Documenting approaches that enhance learning the contributions discuss reflective practice across the globe with a focus on pre service in service and university teachers At a time when there is pressure to measure teachers work through standardised tests the book highlights the professional thinking that is integral to teaching and demonstrates ways it can be encouraged in beginning teachers Aimed at the international community of teacher educators in schools and universities it also includes a critical examination of methodological issues in analysing and

evaluating reflective practice and showcases the kind of reflective practice that empowers teachers and pre service teachers to make a difference to students

The Teacher's Guide to Media Literacy Cyndy Scheibe, Faith Rogow, 2012 A Deeper Sense of Literacy is the first book to suggest that media literacy is both a content area and an approach to teaching that can be integrated into any subject area It combines theory and practical application in a way that addresses the most important questions related to media literacy in education today what is it why is it important how can you teach it across a wide range of curriculum areas and grade levels and does it work Rather than focusing on how to teach media literacy Scheibe and Rogow focus on actually using media literacy to teach lessons across the content areas
