Good Practices in Doctoral Supervision Mar Reguero,Joan Josep Carvajal,Maria Ercilia García,Mireia Valverde,2017-01-01 Within the European context there are many initiatives for PhD supervisory training already in existence but a more systematic approach to this task would be needed In this landscape we took the initiative of organizing an informal meeting for experts with an interest and expertise on PhD supervisory training the Tarragona Think Tank on PhD supervisory training challenges and good practices hosted by University Rovira i Virgili URV Tarragona This event allowed both the presentation of individual university experiences and the undertaking of a collective reflection on challenges impact assessment and the visualisation of an ideal future for PhD supervisory training Noting the need for more concerted efforts and practices the present book is precisely a first tangible outcome of this concerted effort Looking forward we expect that this book can help setting the basis for the development of a network or alliance between the participating organisations and an ongoing effort aimed at bringing the professionalization of doctoral supervisors to the forefront in education policy at the university level In sum we hope that this contribution can help materialising ideas into actions
