Reflections Of An Australian Liberal:

Australian Liberals and the Moral Middle Class Judith Brett, 2003-11-06 The Liberal Party of Australia was late to form in 1945 but the traditions and ideals upon which it is founded have been central to Australian politics since Federation This 2003 book by award winning author and leading Australian political scientist Judith Brett provides the very first complete history of the Australian liberal tradition and then of the Liberal Party from the second half of the twentieth century The book sparkles with insight particularly in its sustained analysis of the shifting relationships between the experiences of the moral middle class and Australian liberals own self understandings It begins with Alfred Deakin facing the organised working class in parliament and ends with John Howard electorally triumphant but alienated from key sections of middle class opinion This book is destined to become the definitive account of Australian liberalism and of the Liberal Party of Australia Australia and the Wider World Curran, James, Ward, Stuart, 2013-05-20 Since the 1960s Neville Meaney has been asking probing questions about social change and the rise of nationalism especially as found in the making of Australia s self image and its engagement with the world His efforts to unravel what he once called the riddle of Australian nationalism have raised important and often unsettling challenges for Australians Bringing together the cultural intellectual political and diplomatic dimensions of the national experience Meaney s work has been dominated by two overarching and interconnected questions how Australians should resolve the tension between the community of culture and the community of interest and how they should reconcile their British heritage with their Asian moorings JB Chifley Julie Soares, 2019-03-19 This combined with his rural background and commitment to the labour movement played a major role in the development of his internationalist perspective Often overlooked by historians Chifley believed that the only way to avoid war and economic depression was through the establishment of international rules based economic and collective security institutions These were beliefs he had held since the early 1930s Chifley was a prime minister with a keen interest in post war Asia who understood that the old colonial order was ending He was a great admirer of the Indian Prime Minister Jawaharlal Nehru This book reveals the extraordinary convergence of worldviews of two fellow internationalists Chifley and Nehru This convergence can be seen in their views on the need to adjust to a changing post colonial world their internationalism their support for the United Nations their opposition to Western colonialism their anti war attitudes and their animosity towards the American and British Cold War framework through which the post war world was viewed Historian Frank Bongiorno wrote about Julie s work on Chifley it is a tremendous achievement to produce such a new vision of a major political figure it is an important contribution to Australian political foreign policy and intellectual history Reflections of an Australian Liberal Frederic William Eggleston, 1953 *Liberalism Versus Conservatism* François B. Gérard, 2000 Everyone eschews labels yet we all seem to possess them in the minds of legions of politicians marketers and even the ever peering government We are being targeted daily by flaming liberals left wing liberals right wing conservatives compassionate conservatives religious conservatives and

liberals pinko liberals middle of the road liberals conservatives and liberals pinko liberals middle of the road liberals and conservatives and of course by neoconservatives and neoliberals The search is on for kindred souls the types who will open their wallets to support whatever it is the hucksters are peddling But what to these concepts mean and do their torchbearers grasp the underlying philosophies or do they care This bibliography lists over hundreds of entries under each category which are then indexed by title an author The Liberals Ian Hancock,2007-09-20 This book tells some of the story of the NSW Division of the Liberal Party beginning with its prehistory and concluding with the constitutional changes in 2000 It looks at the role of leading figures such as John Carrick Nick Greiner and John Howard at the electoral record at the Division s recurring financial difficulties and occasional crises at its habit of decapitating parliamentary leaders and at the attempts to move beyond its Protestant Anglo Scottish and North Shore support base and male culture The Australian Study of Politics R. Rhodes,2009-11-11 The Australian Study of Politics provides the first comprehensive reference book on the history of the study of politics in Australia whether described as political studies or political science It focuses on Australia and on developments since WWII also exploring the historical roots of each major subfield *Official Year Book of the Commonwealth of Australia No. 46 - 1960* , **Australia's First Fabians** Race Mathews,1993-01-01 Many of Australia s first Fabians are known as legislators priests jurists men and women of letters diplomats feminists and educators yet few are recognised as Fabians Until this book little attention has been given to Australian Fabian thinkers activists and organisations and their long term influence on Australian political and intellectual life This book recreates the lives of the first Fabians in Australia their political ideas and strategies and presents their visions for society in a lively and entertaining way It also explores the similarities between the Fabian Society s development in Britain and Australia The book will fill a long standing gap in Australian intellectual history and the history of early socialist movements in Australia Official Year Book of the Commonwealth of Australia No. 43 - 1957 ,
