The Naval Miscellany Susan Rose, 2008 This seventh volume of Naval Miscellany contains documents which range in date from the late thirteenth century to the Korean War They illustrate the many different ways in which the naval forces of the crown have served the realm There is something here for every enthusiast for naval history and for all students of the relevant periods Reflections on the Royal Australian Navy and the United Nations Convention on the Law of the Sea 1982 Stuart Mayer, Ian Knox, I. A. Shearer, 2014 How to Grow a Navy Geoffrey Till, 2022-09-02 This book examines the large but neglected topic of the development of maritime power from both an historical and a contemporary point of view Navies have never been more important than they are now in a century becoming as widely expected increasingly and profoundly maritime The growing competition between China and Russia with the United States and its allies and partners around the world is essentially sea based The sea is also central to the world's globalised trading system and to its environmental health Most current crises are either sea based or have a critical maritime element to them What happens at sea will help shape our future Against that background this book uses both history and contemporary events to analyse how maritime power and naval strength has been and is being developed In a reader friendly way it seeks to show what has worked and what has not and to uncover the recurring patterns in maritime and naval development which explain past present and future success and failure It reflects on the historical experience of all navies but in particular it poses the question of whether China is following the same pattern of naval development illustrated by Britain at the start of the 18th century which led to two centuries of naval dominance This book will be of much interest to students of maritime power naval studies and strategic studies as well as to naval professionals around the world Guy Griffiths Peter Jones, 2021-07-02 In his long career in the Royal Australian Navy Guy Griffiths participated in its emergence from Depression era stricture pre World War II to its reinvention in the 1950s and 60s as a capable middle power force centred on aircraft carriers in the missile age In this time he personally experienced the RAN's darkest days in the face of the Japanese onslaught and its finest hour in the Philippines Campaign of World War II and its close involvements in the Korean War and then the Vietnam War He witnessed the realities of war in positions of increasing responsibility Guy Griffiths The Life Times of an Australian Admiral is the authorised biography of Rear Admiral Guy Griffiths AO DSO DSC RAN From country boy to gold braided admiral Guy Griffiths has led a richly textured life of service to the navy and the nation As a teenage midshipman he survived the disastrous sinking of the battlecruiser HMS Repulse off Malaya in 1941 and went on to fight at sea with distinction in another two wars Korea and Vietnam It is an unmatched record of courage dedication and achievement This is the enthralling biography of a remarkable sailor and a genuinely great Australian Mike Carlton AM bestselling author of Flagship First Victory Nation's Navy Michael L.
