Reframing Rembrandt:

Reframing Rembrandt Michael Zell, 2002-03-04 This book embeds Rembrandt's art in the pluralistic religious context of seventeenth century Amsterdam arguing for the restoration of this historical dimension to contemporary discussions of the artists. By incorporating this perspective Zell confirms and revises one of the most forceful myths attached to Rembrandt's art and life: his presumed attraction and sensitivity to the Jews of early modern Amsterdam. **BOOK JACKET**

Rembrandt's Faith: Church and Temple in the Dutch Golden Age, An art historical study of Rembrandt's use of religious imagery arranged by subject matter. Demonstrates the new ideas the artist brought to his interpretations of the Jerusalem Temple and the apostolate church as he explored the relationship between Jewish and Christian revelation in biblical history. Provided by publisher.

Rembrandt's Jews Steven Nadler, 2024-05-31 A fascinating moment in both the history of Jewish-Christian relations and the history of art. Michael Zell, author of *Reframing Rembrandt*, a Pulitzer Prize Finalist. There is a popular and romantic myth about Rembrandt and the Jewish people. One of history's greatest artists, we are often told, had a special affinity for Judaism. With so many of Rembrandt's works devoted to stories of the Hebrew Bible and with his apparent penchant for Jewish themes and the sympathetic portrayal of Jewish faces, it is no wonder that the myth has endured for centuries. *Rembrandt's Jews* examines both the legend and the reality of Rembrandt's relationship to Jews and Judaism. In his elegantly written and engrossing tour of Jewish Amsterdam, Steven Nadler tells stories of the artist's portraits of Jewish sitters, of his mundane and often contentious dealings with his neighbors in Amsterdam's Jewish quarter, and of the city's tolerant setting for Sephardic and Ashkenazic Jews fleeing persecution in other parts of Europe. Looking at other Dutch artists, Nadler reveals the remarkable relationship between Dutch and Jewish cultures in the period, evidenced in the dispassionate even ordinary ways in which Jews and their religion are represented, far from the demonization and grotesque caricatures, the iconography of the outsider so often found in depictions of Jews during the Middle Ages and the Renaissance. Through his close look at paintings, etchings, and drawings, in his discussion of intellectual and social life during the Dutch Golden Age, and even through his own travels in pursuit of his subject, Nadler takes the reader through Jewish Amsterdam, then and now, a trip that under ever-threatening Dutch skies is full of colorful and eccentric personalities, fiery debates, and magnificent art.

Rembrandt's Religious Prints Charles M. Rosenberg, 2017-09-11 A stunning catalogue of the seventy religious prints from the 2017 exhibition featuring detailed background information on each piece. Rembrandt's stunning religious prints stand as evidence of the Dutch master's extraordinary skill as a technician and as a testament to his genius as a teller of tales. Here, several virtually unknown etchings collected by the Feddersen family and now preserved for the ages at the University of Notre Dame are made widely available in a lavishly illustrated volume. Building on the contributions of earlier Rembrandt scholars, noted art historian Charles M. Rosenberg illuminates each of the seventy religious prints through detailed background information on the artist's career as well as the historical religious and artistic impulses informing their

Other Others Steven Shankman, 2011-01-02 In literary and cultural studies today the term the Other appears

to have largely lost its moorings in the primacy of the intersubjective encounter focusing rather on the social construction of the Other For Emmanuel Levinas in contrast the Other is precisely that which eludes construction and categorization In a study that ranges from literature of ancient China Greece and Israel to modern Egypt Italy West Africa and America Steven Shankman tests Levinas s ideas by reading literary works from outside the Judeo Christian orbit for figurations equivalent to Levinas s notion of the Other He also places ethics at the center of intercultural or in his words transcultural comparative literature In contemporary literary and cultural studies it is often assumed that culture has the last word However as Levinas insists and as Shankman argues throughout this book it is ethics that is the presupposition of all Culture that is situated before Culture
