Economies Of China And India, The: Cooperation And Conflict (In 3 Volumes) Manmohan Agarwal,Jing Wang,2016-12-29 China and India the two largest developing countries are developing rapidly both inside themselves and towards global markets Are these two economies dual or dueling This 3 volume set tries to answer this question by providing comprehensive analyses scoping varied economic issues This volume set covers both China's and India's strategies and objectives in international governance their bilateral and multilateral trade agreement negotiations financial liberalization growth prospects rural development and agriculture income distribution labor market mechanism manufacturing and competitiveness upgrading as well as environmental and other social issues The set collects papers most unpublished until now written by Chinese and Indian researchers who have rich experiences and strong backgrounds in policy analyses and are well connected to Chinese and Indian policy makers Thus these papers contain valuable first hand information about China's

and India's development strategies. This makes this volume set an essential source of reference for China India comparisons and studies *Transitions and Interdependence: India and its Neighbours* Dr Pankaj Jha, Dr Smita Tiwari, 2015-07-15
Developments in South Asia in the areas of democracy political economy and security in the last couple of years are intriguing and raise questions about whether the region is on the road to transformation. The years 2013 and 2014 particularly have been years of transition in South Asia. Almost all South Asia countries have undergone political transitions with cascading effects. These elections are significant for South Asian countries because the region has witnessed political instability for a long period of time. The elections in South Asia generated the hope that the most un integrated region may become interdependent after coming up of new sets of political heads. These developments in the region have an influence on India's foreign policy and also mould its domestic politics and vice versa. India's policy towards individual countries also has a decisive impact on the pace of on going political transitions in a number of spheres civil military relations foreign policy of individual countries socio political and economic dynamics and nature of governance. These transitions reflect the nature behaviour and response of the transitory states towards the others. India as an important stakeholder in the region is keenly observing these transitions in its neighbourhood. This book titled *Transitions and Interdependence India and Its Neighbours* is the outcome of serious deliberations among well known scholars diplomats and policy makers at the Fifth Asian Relations Conference organised by the Indian Council of World Affairs in collaboration with the Institute of Peace and Conflict Studies in February 2014. Papers presented in the conference have been thoroughly revised before publication and the editors acknowledge with gratitude theses insightful contributions

Reciprocal Trade Agreements: Impacts on Bilateral Trade Expansion and Contraction in the World Agricultural Marketplace , Asia-Pacific Economic and Security

Co-operation C. Dent, 2003-10-24 This collection examines new developments in economic and security co operation in the Asia Pacific in relation to two recent shock events that have significantly impacted upon the region these being the 1997 98 East Asian financial crisis and the September 11 attacks on the United States. These are examined through three prime dimensions of analysis namely the tension between the post shock forces of imperative co operation and the counter forces of Asia Pacific complex diversity the growing conflation between economic and security issues or the economics security nexus in Asia Pacific international relations the relationship between the Asia Pacific's new economic and security bilateralism and regional level forms of co operation integration and governance

Regional and Global Multinationals Christoph Czychon,2021-06-29 Based on their ability to facilitate interdependencies across the borders of national and regional markets multinationals enterprises MNEs act as the key drivers of world trade and investment activities While recent global challenges additionally highlight the need to explain and assess the status and progress of internationality regionality previous research renders the concept of firm level globalization as a special but not the general case Christoph Czychon dedicates specific attention to the research on regional and global MNEs based on an extensive and rigorous review of the existing academic literature as well as the analysis of

2005 2015 empirical data from the European context with a focus on CAC40 and DAX30 listed firms In doing so the author offers insights and results that stand in contrast to the original narrative of the debate and presents a comprehensive and updated perspective on regional and global MNEs

Currency and Contest in East Asia William M. Grimes,2011-03-15

Since the Asian Financial Crisis of 1997 98 East Asian economies have sought to make themselves less vulnerable to global financial markets by transforming the regional financial architecture With Japan as a leading actor they have introduced initiatives to provide emergency financing to crisis economies support the development of local currency bond markets and better coordinate currency policies In Currency and Contest in East Asia William W Grimes builds on years of primary research and scores of interviews with participants and policy analysts to provide the most accurate complete and detailed description available of attempts to build financial cooperation among East Asian countries Adapting realist political economy theory to the realities of contemporary global finance Grimes places regional issues firmly in the wider context of great power rivalries He argues that financial regionalism can best be understood as one arena for competition among Japan the United States and China Despite their mutual desire for regional prosperity and economic stability these three powers have conflicting political interests Their struggles for regional leadership raise questions about the long term feasibility of regional financial cooperation the possible effects of Sino Japanese rivalry on regional financial stability and the potential for East Asian financial regionalism to undermine the long established albeit waning global and regional dominance of the United States and the dollar
