**Ming Erotic Novellas** Richard G Wang, 2011-03-13 Richard Wang s Ming Erotic Novellas is path breaking in its attention to a virtually ignored body of literature that certainly influenced the writing of the Jin Ping Mei the Sanyan vernacular stories and most likely Li Yu s fiction Compared to other titles in the field this is the first scholarly monograph in any language to contextualize the erotic novellas of late imperial China Moreover existing studies in this area have tended to concentrate on a limited number of works of Chinese erotic fiction or have only brushed up against these works tangentially during more general discussion of Ming and Qing literature Ming Erotic Novellas adopts a provocative approach to fiction moving beyond the traditional textual analyses of gender politics and the qing cult and examining these erotic novellas as a new genre within the contexts of print culture readership consumption patterns as well as religious dimensions Ming Erotic Novellas focuses on a group of mid to late Ming literary wenyan novellas which are all

stories of erotic romance These novellas include a profusion of poems mixed with prose narratives that are characterized by simple literary Chinese with a tendency toward the vernacular Their plots are complex with some running 20 000 characters or more allowing for nuanced character development rich dialogue and psychological description Circulated widely during the Ming the novellas had a significant impact on later erotic and scholarbeauty caizi jiaren novels This particular group of novellas was of great importance in the development of Chinese fiction functioning as a transitional link between the classical tale to the vernacular novel By approaching these works through the lens of a cultural study Wang is able to explore the social functions of the novellas as well as their significance in the development of Chinese fiction in the Ming cultural context

**A Study of Erotic Literature in England** W. v. Murat, 2019-09-24 The present work fills a gap as it attempts to offer a history of erotic literature published in the United Kingdom The word Study in the title is perhaps a bit exaggerated as the material is largely taken from the now well known bibliographies by Pisanus Fraxi Henry Spencer Ashbee and quotations from the books themselves The time line is WW II Who was the author He may have been Charles Reginald Dawes 1879 1964 who is supposed to have written but not published a text of this or a similar title His profession or his activities are not known he once called himself a writer but library catalogues credit him only with two publications The Marquis de Sade Paris 1927 and Retif de la Bretonne London 1946 privately printed He may have been a popular writer under pseudonyms though Dawes owned a good erotica collection which he willed to the British Museum Library that would explain why the author of this Study if he was Dawes could quote freely from erotic texts which only few of his contemporaries would have had available The main merits of this book are that the author was thoroughly familiar with English and French erotic literature and that he put his material in chronological order and in context The editor added a number of references illustrations and indices of personal names and titles to facilitate navigation

**The Erotic Life of Manuscripts** Yii-Jan Lin, 2016-01-04 Since the New Testament s inception as written text its manuscripts have been subject to all the dangers of history scribal error emendation injury and total destruction The traditional goal of modern textual criticism has been to

reconstruct an original text from surviving manuscripts adjudicating among all the variant texts resulting from the slips additions and embellishments of scribal hand copying Because of the way manuscripts circulate and give rise to new copies it can be said that they have an erotic life they mate and breed bear offspring and generate families and descendants New Testament textual critics of the eighteenth century who began to use this language to group texts into families and genealogies were not pioneering new approaches but rather borrowing the metaphors and methods of natural scientists Texts began to be classified into families tribes and nations and later were racialized as African or Asian with distinguishable textual physiognomies and textual complexions The Erotic Life of Manuscripts explores this curious relationship between the field of New Testament textual criticism and the biological sciences beginning with the eighteenth century and extending into the present While these biological metaphors have been powerful tools for textual critics they also produce problematic understandings of textual purity and agency with the use of scientific discourse artificially separating the work of textual criticism from literary interpretation Yii Jan Lin shows how the use of biological classification genealogy evolutionary theory and phylogenetics has shaped and limited the goals of New Testament textual criticism the greatest of which is the establishment of an authoritative original text She concludes by proposing new metaphors for the field *Sexuality and Eroticism in a Post-pandemic World* ,2023-09-20 The cultural change denominated as the new normal goes far beyond the adaptation to habits like physical distancing limited person to person contact teleworking and self isolation established with the COVID 19 pandemic A series of significant transformations in human behavior spreads today in societies all around the world physical intimacy decreases while virtual reality expands and alterity declines while artificial intelligence emerges leading to structural reconfigurations of sex relationships gender awareness and subjectivity *Sexuality and Eroticism in a Post pandemic World* explores this new cultural atmosphere through twelve interdisciplinary essays questioning global governmentality and challenging the biopolitics of the new normal the administration of self control societies so politically correct that repressed desire for otherness only finds a simulation of its satisfaction with the forced abnormality outrageousness and violence of mainstream porn going from ars erotica to alternative pornography from online dating to gender fluidity from LGBTQI activism to sex life cultivation and more **The Publishers' Circular and Booksellers' Record** ,1925 Clandestine Erotic Fiction in English 1800-1930 Peter Mendes,2016-12-05 This work offers bibliographical descriptions of all printings of erotic fiction in English issued clandestinely during the period 1800 1930 By clandestine is meant books whose publishers and printers attempt to hide their identities usually by offering title pages whose misleading places and dates of publication may shock and amuse but which always aim to mystify Using internal and external evidence an attempt is made to establish who were the printers booksellers and publishers English and Continental involved in this trade The printing families or groups into which a large percentage of the material falls are classified accompanied by illustrations which identify the main printing characteristics house styles of the groups Bibliographical descriptions follow a

checklist of clandestine catalogues these provide valuable evidence for dating pricing and sales pitch and information on items of which no copies can now be traced The work concludes with a series of appendices which provide significant external evidence and three indexes of themes titles and names Peter Mendes original research builds on and significantly extends the essential pioneer work of the Victorian collector and bibliographer H S Ashbee Pisanus Fraxi
