## **Regulating Unfair Trade:**

**Regulating Unfair Trade** Pietro S. Nivola, 2010-12-01 In the early 1980s American complaints about unfair trade practices began to intensify Sunrise industries such as manufacturers of semiconductors and telecommunications equipment joined older complainants including steel and textile producers in seeking more safeguards against international competitors who priced their products too aggressively or whose governments subsidized exports or protected home markets In this politically charged atmosphere the U S government has devised increasingly stringent regulatory programs to address the claimed abuses and distortions In this book Pietro Nivola examines the strenuous effort to combat the objectionable trading practices of other countries Through most of the postwar period Nivola notes policymakers had deemed it in the nation s economic and strategic interests to tolerate asymmetries and infractions in the international trading order But that tolerance has been sharply lowered by heightened sensitivity to inequities and a growing conviction that government should intervene frequently and forcefully to ensure a level playing field The book maintains that foreign protectionism lower East West tensions and alleged American decline in the face of international competition cannot fully explain the stiffening regulation of unfair trade The world trading system Nivola contends is not more restrictive now than it was earlier Cries about foreign commercial transgressions in recent years have remained shrill despite a formidable U S export boom and an improved current account valance Much of the U S regulatory activity has acquired a political momentum of its own The activity has increased not just because global competitive pressures have generally intensified but because we have developed more ways and inducement to complain about those pressures Nivola cautions that trade regulations now bears too much of the burden for ameliorating economic imbalances and deficiencies The tendency a      **Transparency in Insurance Regulation and Supervisory Law** Pierpaolo Marano, Kyriaki Noussia, 2021-03-30 This volume focuses on transparency as the guiding principle for insurance regulation and supervisory law All chapters were written by experts in their respective fields who address transparency in a wide range of European and non European jurisdictions Each chapter reviews the transparency principles applicable in the jurisdiction discussed While the European jurisdictions reflect different facets of the principle as emerging from EU law on insurance the principle has developed quite differently in other jurisdictions      Trade Regulation Rule Including a Statement of Its Basis and Purpose United States. Federal Trade Commission, 1970      *Government Regulation of the Railroads* David Chiu, 2006-01-15 Discusses the growth of the American railroad system how it brought big business into the country the effects of regulation and the railroad s decline      **Regulating the Cloud** Christopher S. Yoo, Jean-François Blanchette, 2015-08-07 The emergence of the cloud as infrastructure experts from a range of disciplines consider policy issues including reliability privacy consumer protection national security and copyright The emergence of cloud computing marks the moment when computing has become materially and symbolically infrastructure a sociotechnical system that is ubiquitous essential and foundational Increasingly integral to the operation of other critical infrastructures

such as transportation energy and finance it functions in effect as a meta infrastructure As such the cloud raises a variety of policy and governance issues among them market regulation fairness access reliability privacy national security and copyright In this book experts from a range of disciplines offer their perspectives on these and other concerns The contributors consider such topics as the economic implications of the cloud s shifting of computing resources from ownership to rental the capacity of regulation to promote reliability while preserving innovation the applicability of contract theory to enforce service guarantees the differing approaches to privacy taken by United States and the European Union in the post Snowden era the delocalization or geographic dispersal of the archive and the cloud based virtual representations of our body in electronic health data Contributors Nicholas Bauch Jean Fran ois Blanchette Marjory Blumenthal Sandra Braman Jonathan Cave Lothar Determann Luciana Duranti Svitlana Kobzar William Lehr David Nimmer Andrea Renda Neil Robinson Helen Rebecca Schindler Joe Weinman Christopher S Yoo
