McDonald, Patrick Robinson, 2010-10-12 One of the biggest questions of the financial crisis has not been answered until now What happened at Lehman Brothers and why was it allowed to fail with aftershocks that rocked the global economy In this news making often astonishing book a former Lehman Brothers Vice President gives us the straight answers right from the belly of the beast In A Colossal Failure of Common Sense Larry McDonald a Wall Street insider reveals the culture and unspoken rules of the game like no book has ever done The book is couched in the very human story of Larry McDonald s Horatio Alger like rise from a Massachusetts gateway to nowhere housing project to the New York headquarters of Lehman Brothers home of one of

the world's toughest trading floors We get a close up view of the participants in the Lehman collapse especially those who saw it coming with a helpless angry certainty We meet the Brahmins at the top whose reckless pedal to the floor addiction to growth finally demolished the nation's oldest investment bank The Wall Street we encounter here is a ruthless place where brilliance arrogance ambition greed capacity for relentless toil and other human traits combine in a potent mix that sometimes fuels prosperity but occasionally destroys it The full significance of the dissolution of Lehman Brothers remains to be measured But this much is certain it was a devastating blow to America's and the world's financial system And it need not have happened This is the story of why it did A Banjo at Armageddon Berton Braley,1917 Poems reprinted in part from various periodicals The Life of Field Marshal Lord Roberts Rodney Atwood,2014-11-20 This biography of Field Marshal Lord Roberts charts a remarkable life that spanned the apogee of the British Empire During a diverse career Roberts won the Victoria Cross planned the strategic defence of India turned the tide of war in South Africa introduced army reform and campaigned for National Service before 1914 Rodney Atwood explores his military career in particular his role as a tactician and strategist in Afghanistan Burma the North West frontier South Africa and Europe but also looks at Roberts as a symbol of Empire and explores his celebration in British culture *Books in Print Supplement* ,1985 **Books in Print** ,1977

ARMAGEDDON'S SONG 6 ' SHAW - LT: USMC ' Andy Farman,2016-04-13 The first of two prequels featuring Henry Shaw USMC Terry Jones CIA and Peter Dawnosh Royal Marine Commandos In the WW3 series Henry was Chairman of the Joint Chiefs Terry was Director of the CIA and Peter Dawnosh was Prime Minister of Great Britain but in 1963 they are in a

place that few Americans had ever heard of Vietnam. The country is under attack from the communist North but within its borders it is a cauldron of dissent due to corruption and religious persecution. With surplus equipment and a shoe string budget US advisors are attempting to train and equip the South Vietnamese armed forces to defend themselves in order that the USA can withdraw. Small unit actions, firefights on jungle trails and The Alamo re-enacted on a lonely hilltop far from home. These are combined with a tale of political corruption and the murky world of espionage in 1960s SE Asia.

ARMAGEDDON's SONG 2 'ADVANCE TO CONTACT' Andy Farman, 2015-02-08 Volume 2 of a 4 part series that goes further than even Tom Clancy's classic in a tale of truly global world war. Washington DC, Taipei, NATO's North Cape naval picket and two carrier combat groups have been destroyed by nuclear weapons. NATO is on the back foot and her potential allies are thinning out as China shows no hesitation in levelling entire cities. Major Bedonovich and Svetlana Vorsoff are our spies with a conscience and now they are in from the cold but someone will go to any lengths to exact revenge. Perhaps baiting the Bear in his lair is their only hope of survival. The NATO army in Europe with the battered but defiant Coldstream Guards and US 82nd are holding the line. Vital supplies are enroute from America but the determination of those in the convoys and escorts is matched by those charged with sinking them. NATO needs to level the playing field and then tilt it in their favour.

Arsenals of Folly Richard Rhodes, 2008-11-04 Pulitzer Prize winning author Richard Rhodes delivers a riveting account of the nuclear arms race and the Cold War. In the Reagan-Gorbachev era the United States and the Soviet Union came within minutes of nuclear war until Gorbachev boldly launched a campaign to eliminate nuclear weapons setting the stage for the 1986 Reykjavik summit and the incredible events that followed. In this thrilling authoritative narrative Richard Rhodes draws on personal interviews with both Soviet and US participants and a wealth of new documentation to unravel the compelling shocking story behind this monumental time in human history: its beginnings, its nearly chilling consequences and its effects on global politics today.

Atomic Americans Sarah E. Robey, 2022-03-15 At the dawn of the Atomic Age Americans encountered troubling new questions brought about by the nuclear revolution. In a representative democracy who is responsible for national public safety? How do citizens imagine themselves as members of the national collective when faced with the priority of individual survival? What do nuclear weapons mean for transparency and accountability in government? What role should scientific experts occupy within a democratic government? Nuclear weapons created a new arena for debating individual and collective rights. In turn they threatened to destabilize the very basis of American citizenship. As Sarah E. Robey shows in *Atomic Americans* people negotiated the contours of nuclear citizenship through overlapping public discussions about survival. Policymakers and citizens disagreed about the scale of civil defense programs and other public safety measures. As the public learned more about the dangers of nuclear fallout critics articulated concerns about whether the federal government was operating in its citizens' best interests. By the early 1960s a significant antinuclear movement had emerged which ultimately contributed to the 1963 nuclear testing ban. *Atomic Americans* tells the

story of a thoughtful body politic engaged in rewriting the rubric of rights and responsibilities that made up American citizenship in the Atomic Age **The Great War -- 'I was There!': August 4, 1914 to July 1, 1916** Sir John Alexander Hammerton, 1938
