

# Reimagine Business Models

Navigating your company in today's new reality

## BUSINESS MODELS DRIVEN BY DIGITAL TECHNOLOGIES

Digital is impacting every industry. Companies need to redefine customer experience and rethink what they do, how they do it, and who they do it for. Business model innovation must be at the core of every CEO's agenda to thrive in the digital world, and the organization needs to align on a clearly defined goal and strategy.

A Business Model is defined by the following characteristics:

- Value proposition and how it is delivered to the target customers.
- Innovative ways to make money and maximize shareholder value.
- Core competencies and assets needed to create competitive advantage.
- Strategic suppliers and partnerships critical to a successful business.
- External market forces and regulations that could impact the business.

We studied the most prevalent and effective approaches used by digital leaders and found **six innovative digital business models** that are making a difference.

- 01 | Outcome based models
- 02 | Expansion into new industries and markets
- 03 | Digitization of products and services
- 04 | Competing as an ecosystem
- 05 | Shared economy
- 06 | Digital platform

Reimagining Work Rob Biederman,Pat Petitti,Peter Maglathlin,2017-09-19 Thrive in the new economy by leading ahead of the next evolution Reimagining Work is the business leader s guide to surviving and thriving in the new on demand economy As the

business and workplace environments evolve traditional management strategies are becoming obsolete the skilled workforce demands flexibility and more control over their work things that the major corporations repeatedly fail to offer Is it any wonder that the best and brightest talent is increasingly moving toward smaller companies with alternative management structures Companies like Uber Lyft Handy and Task Rabbit These businesses have seen major success by attracting the right people by giving them what they want As the shift continues businesses will need to change the way they recruit develop and train talent This book shows you how to restructure and reconfigure your current strategy toward one that will help your business not just survive but grow stronger in this new environment by offering what top talent demands Niche spaces like transportation and general labor may have catalyzed the movement toward on demand but their influence is spreading and traditional businesses must adapt or die This book shows you how to turn the shift into an asset for your company by leading through change for the better Reconsider your current talent sourcing strategies Update your team development and training programs Build a flexible workforce that thrives in the on demand economy Develop your business to succeed amidst the changing business paradigm Growth is more than just expansion it s also maturation adaptation and evolution Our economy is on the cusp of a seismic shift and smart businesses will implement change early before the obsolete start falling behind Reimagining Work gives you actionable guidance for staying ahead of the curve [The Ecosystem Economy](#) Venkat Atluri,Miklós Dietz,2022-10-07 Gear up and equip your organization for an entirely new competitive landscape In The Ecosystem Economy How to Lead in the New Age of Sectors Without Borders two McKinsey Company senior partners offer an incisive and eye opening look at the emerging ecosystem economy and what it means for companies used to familiar sector siloes In the book you ll explore how the most successful companies in the new economy aren t the ones that have applied old school best practices but instead have adopted entirely new mindsets and approaches for a fundamentally transforming market You ll also find Explanations of why it s so important for companies to adopt a new approach in the face of a foundationally changing economy and what they stand to gain How the new ecosystem economy will continue to evolve and change dissolving the borders between the traditional sectors of the economy A comprehensive ecosystem playbook that can be applied to firms of any size and in any sector As the barriers between sectors and disciplines come down organizations everywhere will need to reshape their thinking about value propositions competition partnership organizational and operating models and performance management The Ecosystem Economy is your personal roadmap to navigating that new world It s ideal for managers executives and other business leaders seeking fresh new strategies and practical approaches for markets that bear little resemblance to the ones that came before **Reimagining Democratic Societies** Sjur Bergan,Ira Richard Harkavy,Hilligje van't Land,Council of Europe,2013-01-01 Reimagining democratic societies although a demanding task is one in which higher education must engage As societies change our understanding of democracy must also evolve We need democratic institutions but also democratic culture and democratic innovation Citizen

participation as a cornerstone of democracy must go beyond citizen mobilisation on just a few issues An educated committed citizenry deeply involved in creating and sustaining diverse democratic societies is essential for human progress and advancing the quality of life for all The authors academics policy makers and practitioners from Europe and the United States argue this point making the case for why democratic reimagination and innovation cannot succeed without higher education and why higher education cannot fulfil its educational academic and societal missions without working for the common good Case studies provide examples of how higher education can contribute to reimagining and reinvigorating democracy
