Reincarnation A Mystics Path:

Reincarnation Robert Allan Stewart, 2003 Through past life recall Stewart shares with us the sheer excitement of a cavalry charge and the shock of sudden death He relates his astounding first successes with mystic techniques and where those techniques led him He first sets the stage for these remarkable experiences by outlining a history of reincarnation belief and the scientific evidence for reincarnation He explains how reincarnation is part of a world heritage of belief that goes back to our prehistoric beginnings and has been a part of every human society we know about including our own He then leads us through his own personal quest how he learned certain mystic techniques and how we too can experiment with them safely The climax is his relation of his past life memories for the memories we recall most easily are the most intense experiences of our previous lives Within those memories are often facts that can be taken to libraries museums and archives where Stewart has found public records that eerily verify specific facts including names and dates **The Chela and the Path** El Morya, 1976-01 The Chela and the Path contains personal instruction from El Morya for all spiritual seekers and chelas students of a spiritual teacher With the incomparable skill of a Zen master El Morya teaches us to become who we are to see beneath the surface of daily life He teaches of the divine light above and the divine light below and the many layers of awareness that surround the soul This book is foundational for those who would not only know their true potential but fulfill it **The Path of Self Transformation** Mark L.
