World Class Manufacturing: The Next Decade Richard J. Schonberger, 2010-05-11 Since the invention of double entry bookkeeping managers have judged a company s worth by sales and profits Now Richard J Schonberger the architect of the worldwide Just In Time revolution reaches beyond financials to redefine excellence and reveals with new benchmark data how pioneers become dynasties Schonberger s pathbreaking new research reveals that from 1950 to 1995 while financials dipped and soared repeatedly industrial decline and ascendancy correlated perfectly with inventory turnover one of two key nonfinancial indicators and a bedrock measure along with customer satisfaction of a company s power strength and value In this immensely readable book he captures these new metrics the true predictions of future success in 16 customer focused principles created from self scored reports supplied by over 100 pioneering

manufacturers in nine countries Armed with new world class benchmark data Schonberger redefines excellence in terms of competence capability and customer focused employee driven data based performance For front line associates to senior executives Schonberger has written manufacturing s action agenda for the next decade This book will be indispensable reading for manufacturing and general managers in all industries as well as for pension fund managers institutional investors stock analysts and stockbrokers

World Class Manufacturing Schonberger,2012-12-11 In his best selling book Japanese Manufacturing Techniques Richard J Schonberger revolutionized American manufacturing theory and more important practice In that breakthrough book he revealed that Japanese manufacturing excellence was not culturally bound Offering the first demystified explanation of the simple techniques that fueled Japan s industrial success he demonstrated how the same methods could be put to work as effectively in U S plants
