Reinventing Yourself Today Sharon Ball, 2011-04-14 Life is a journey and sometimes we need a roadmap to get exactly where we want to go Reinventing Yourself Today presents a step by step program that walks you through identifying and reprogramming unconscious beliefs self talk and other issues that lead to the learned behaviors and habits that have created your present reality With the help of the workbook exercises at the end of each chapter you are led through self discovery and goal setting to create your ideal life vision and then to deal with the many obstacles in your path such as stress poor self esteem etc while you bring your vision of ideal life to reality We must always change renew rejuvenate ourselves otherwise we harden Johann Wolfgang von Goethe Its never too late to be what you might have been George Eliot *The Feminization of Quest-Romance* Dana A. Heller, 2014-03-19 What happens when a woman dares to imagine herself a hero Questing she sets out for unknown regions Lighting a torch she elicits from the darkness stories never told or heard before The woman hero sails against the tides of great legends that recount the adventures of heroic men legends deemed universal timeless and essential to our understanding of the natural order that holds us and completes us in its spiral Yet these myths and rituals do not fulfill her need for an empowering self image nor do they grant her the mobility she requires to imagine enact and represent her quest for authentic self knowledge The Feminization of Quest Romance proposes that a female quest is a revolutionary step in both literary and cultural terms Indeed despite the difficulty that women writers face in challenging myths rituals psychological theories and literary conventions deemed universal by a culture that exalts masculine ideals and universalizes male experience a number of revolutionary texts have come into existence in the second half of the twentieth century by such American women writers as Jean Stafford Mary McCarthy Anne Moody Marilynne Robinson and Mona Simpson all of them working to redefine the literary portrayal of American women s quests They work in part by presenting questing female characters who refuse to accept the roles accorded them by restrictive social norms even if it means sacrificing themselves in the name of rebellion In later texts female heroes survive their lighting out experiences to explore diverse alternatives to the limiting roles that have circumscribed female development This study of *The Mountain Lion* *Memories of a Catholic Girlhood* *Coming of Age in Mississippi* *Housekeeping* and *Anywhere but Here* identifies transformations of the quest romance that support a viable theory of female development and offer literary patterns that challenge the male monopoly on transformative knowledge and heroic action How To Pilot When We Were Raised to BE Stewardesses; Reinventing Your Life with Passion and Purpose Bobbi Govanus, 2014-04-27 Twelve Women authors bring you

Literature and the Writer, 2016-08-09 Literature and the Writer was first conceived with the hope the essays would shed light on several dimensions of the authorial craft It was the hope of the editor that the selected essays would examine not only writers' choice of vocabulary but also their deliberate selection of grammatical constructions and word order and their seamless weaving together of plots and imagery Moreover the analyses would also draw attention to how the writing process impacts the development of characters and the formulation of thematic strands in fiction Thus a wide variety of authors are deliberately selected to give the text depth writers of popular fiction as well as modern classics are included and contrasts are established between traditional writers and those who prefer to follow experimental trends Modernists are set against postmodernists absurdists vs realists minority ethnicities vs majority cultures and dominant genders appear in contrast to subordinated ones Clearly the major tenet of the collection is that the writing profession provides an unending dilemma that deserves to be explored in more detail as readers try to determine how authorial voices confuse while simultaneously elucidating their audience how texts are constructed by authors and yet deconstructed by the very words they choose to include how silence functions as inaudible yet audible discourse and how authorial self concept shapes not only itself but is also echoed in the fictional characters writers who appear in the texts
