**Social Justice in Human Relations Volume 2** Herman Steensma, Riël Vermunt, 2013-06-29 Justice plays an important role in our culture The topic of justice has attracted the attention of scholars all over the world Beginning in 1985 a continuing series of international conferences on social justice in The Netherlands at which scientists present and discuss started papers exchange information and choose new roads to theory building In this volume a selection of papers presented at the International Conference on Social Justice in Human Relations Leiden 1986 is published There has been some refinement and improvement thanks to the comments made by experts in the field The chapters in this volume represent second and in some cases even third or fourth versions of the papers As organizers of the conference and editors of this volume we hope that the reader will be pleased by the content and the high quality of the chapters There is some diversity but there also are some common themes We have organized the chapters with respect to what we think are two important themes 1 behavioral and attitudinal reactions to injustice and 2 macrojustice These categories are not mutually exclusive for some chapters could have been placed in both categories Still we think the distinction between these themes has value

**Social Justice In A Diverse Society** Tom Tyler, Robert J Boeckmann, Heather J Smith, Yuen J Huo, 2019-07-11 Issues of social justice have been an important part of social psychology since the explosion of psychological research that occurred during and after World War II At that time psychologists began to move away from earlier theories that paid little attention to people's subjective understanding of the world As increasing attention was paid to people's thoughts about their social experiences it was discovered that people are strongly affected by their assessments of what is just or fair in their dealings with others This recognition has led to a broad range of studies exploring what people mean by justice and how it influences their thoughts feelings and behaviors Housing and Identity James S. Duncan, 2025-11-18 Originally published in 1982 *Housing and Identity* Cross Cultural Perspectives represents an attempt by scholars in a number of different disciplines to

bring a common social psychological perspective to bear on the study of the house and its relation to the self and the nature of the social order The house it is argued is an extremely important aspect of the built environment embodying not only personal meanings but expressing and maintaining the ideology of prevailing social orders The essays draw upon material from a wide variety of intellectual cultural and historical contexts

**Wealth and the Wealthy** Karen Rowlingson, Stephen McKay, 2012 Using many data sources this timely book provides a comprehensive discussion of issues of wealth looking at potential policy responses including asset based welfare and taxation

Building Terrorism Resistant Communities S. Ekici, A. Ekici, D.A. McEntire, 2009-08-12 This book includes the proceedings of the North Atlantic Treaty Organization s NATO 2008 Advanced Research Workshop ARW The goal of the meeting was to explore methods to involve the community in the fight against terrorism in an effort to enhance its protection from terrorist attacks and to establish a network between the participants for future collaborations The two main topics of this book are 1 Defining the problem of terrorism and collective community protection why does terrorism exist and why do people join and or support extremist groups 2 Counter terrorism practices and their relation to the community focused on developing non orthodox methods to combat terrorism In other words why communities should be included in the fight against terrorism This book should be seen as a guide for policy makers and practitioners to gain a better understanding of how counter terrorism as well as many other applications requires community support and involvement to the fullest extent possible Because the existing threat of terrorism is proof of the failed classical militaristic approaches the time has come to integrate our communities into the practice of fighting the threat together

**Price Analysis of China's Carbon Emissions** Wenju Wang, 2023-04-28 This book explores the determination of China s carbon emission targets especially with regard to the allocation of responsibility of China s import and export carbon emissions and carbon emission quota allocations across different time periods industries and regions Research outside of China tends to focus on methods and approaches of carbon emission reduction policies and the impact of their implementation Instead within China the focus has been on discussion of the necessity and conditions for China s development of a low carbon economy as well as its introduction as a concept in the light of overseas comparisons This book utilizes game theory mechanism design input output theory econometric theory and other methods to scrutinize China s carbon emissions and carbon emissions targets across different periods industries and regions The result is a detailed theoretical and empirical investigation of carbon emission issues in the Chinese context The book will be essential reading for students and scholars of economics especially those with a focus on Chinese economic development and policymakers in the low carbon economy sphere

This Thing Called Trust P. Stoneman, 2008-10-31 This Thing Called Trust provides a detailed theoretical analysis of the research about trust civic society and society capital Stoneman uniquely provides a complementary empirical analysis which connects discussions of the individual psychology of trust with understandings of its cultural and institutional roots at more aggregate level
