E. Anugwom

Religion And African Civil Wars:

Religion and African Civil Wars N. Kastfelt, 2005-04-22 This collection analyzes the part played by religion Christianity Islam and tradition beliefs in Africa's recent civil wars and insurgent conflicts The contributors focus on four key areas of the continent the southern Sudan Rwanda Burundi Congo Zimbabwe South Africa and Sierra Leone Liberia Guinea Among the topics discussed are the role of religious institutions in these conflicts how religion is used to legitimize violence and war the role of religion in debating and making sense of war and conflict and the application of religion as a cultural resource in warfare The religious consequences of civil wars in particular how war changes religious beliefs and practice how war and violence generate their own new religious movements and ideas and the part religion plays in healing the wounds of civil strife are also examined

The Role of Religion in African Civil Wars N Kastfelt, 2001 [The Logic of Ethnic and Religious Conflict in Africa](#) John F. McCauley, 2017-04-27 This book explains why conflicts in Africa are sometimes ethnic and sometimes religious and why a conflict might change from ethnic to religious even as the opponents remain fixed Conflicts in the region are often viewed as either tribal or Muslim Christian seemingly rooted in deep seated ethnic or religious hatreds Yet as this book explains those labels emerge as a function of political mobilization It argues that ethnicity and religion inspire distinct passions among individuals and that political leaders exploit those passions to achieve their own strategic goals when the institutions of the state break down To support this argument the book relies on a novel experiment conducted in Cote d'Ivoire and Ghana to demonstrate that individual preferences change in ethnic and religious contexts It then uses case illustrations from Cote d'Ivoire Nigeria and Sudan to highlight the strategic choices of leaders that ultimately shape the frames of conflict

RELIGION AND AFRICAN CIVIL WARS; ED. BY NIELS KASTFELT. , 2005

Contemporary Security Issues in Africa William A. Taylor, 2018-12-07 As a comprehensive resource for readers interested in contemporary security issues in Africa this compelling book details the impact of complex challenges in Africa and explains why addressing them grows increasingly important Presenting both general overviews and specific case studies this book introduces contemporary security issues in Africa home to more than thirty of the fifty most fragile nations in the world It covers the past three decades of conflict on the continent focusing on such topics as weak and failing states ethnic conflict and civil wars natural resources and environmental security political violence and terrorism piracy and maritime security food security and poverty international responses and future prospects The core of the book comprises detailed analysis of the nexus between culture politics and security in Africa while the volume as a whole examines key regional and transnational security issues affecting Africa and their implications at the state regional and international levels The book explores the dynamic role that African nations play in influencing international security and investigates and articulates factors heightening the importance of Africa's role in international affairs

Religion, Politics and International Relations Jeff Haynes, 2011-04-07 A leading authority in the discipline Jeffrey Haynes has contributed to many of the most

significant debates in the fields of religion politics and religion international relations in the last twenty years This book brings together many of his most influential essays offering a comprehensive analysis of religious actors and their political goals In recent years scholars have identified a range of religious actors with a variety of political goals The aim of this collection is to identify and examine political activities of selected religious actors in both domestic and international contexts The introductory chapter sets the scene for the collection providing a clear understanding of why how and when religious actors act politically both within and between countries Over the course of 15 essays Jeffrey Haynes presents a survey of the interaction of religion and politics both domestically and internationally in relation to a variety of issues and draws the findings together in a new conclusion written for the volume This work will be of great interest to the growing number of scholars and students and practitioners internationally who work on religion and politics in both domestic and international contexts

Holy Warriors, Infidels, and Peacemakers in Africa Y. Tesfai,2010-06-21 Out of the many challenges facing Africa today there is the tendency of some to manipulate religious and ethnic identities for private interests The book examines how religion has given rise to these conditions in Africa by weaving together issues of poverty wealth and violent conflicts

Religion, Occult and Youth Conflict in the Niger Delta of Nigeria E. Anugwom,2017-03-02 The book examines the nexus between youth conflict and the occult drawing its insights from the oil rich Niger Delta of Nigeria It sees the occult represented by the Egbesu deity in this conflict as a form of religious belief imbued in this case with the powers of good Thus the religious occult is regenerated and re energised as an idiom of justice and fairness within the Nigerian state by militant youth fighting the forces of the Nigerian state Ingeniously the young men simply dug into the cultural repertoire of the people for a hitherto popular expression of justice and perceived source of potency which they felt would not only provide spiritual protection but also pander to the popular imagination of justice Even against the background prevalent Christianity the Egbesu does not generate tension in beliefs but responds to the critical exigency of the immediate socio political milieu of the people

War and Religion Jeffrey M. Shaw Ph.D.,Timothy J. Demy,2017-03-27 This three volume reference provides a complete guide for readers investigating the crucial interplay between war and religion from ancient times until today enabling a deeper understanding of the role of religious wars across cultures Containing some 500 entries covering the interaction between war and religion from ancient times the three volume War and Religion An Encyclopedia of Faith and Conflict provides students with an invaluable reference source for examining two of the most important phenomena impacting society today This all inclusive reference work will serve readers researching specific religious traditions historical eras wars battles or influential individuals across all time periods The A Z entries document ancient events and movements such as the First Crusade that began at the end of the 10th century as well as modern day developments like ISIS and Al Qaeda Subtopics throughout the encyclopedia include religious and military leaders or other key people ideas and weapons and comprehensive examinations of each of the major religious traditions views on war and

violence are presented The work also includes dozens of primary source documents each introduced by a headnote that enable readers to go directly to the source of information and better grasp its historical significance The in depth content of this set benefits high school and college students as well as scholars and general readers Law, Religion and Reconciliation in Africa M. Christian Green, Jean-Baptiste Sourou, Célestin Gnonzion†, 2024-05-20 Forgiveness and reconciliation are important moments for the stability of a society and a state Many African countries have gone through serious social crises in the post colonial period genocide post election crises civil and internal conflicts and outright war Forgiveness and reconciliation have been necessary to reweave the social fabric and restart the construction of peaceful and prosperous societies Chapters in this book examine the Truth and Reconciliation Commissions and religious councils aimed at peace along with African traditional approaches mediation and arbitration councils post conflict contexts and the roles of women and gender philosophy and theology and programs of education for peace **Politics in a Religious World** Eric Patterson, 2011-09-29 Politics in a Religious World examines why US diplomacy often misunderstands if not ignores the role of religion in international conflicts After the Cold War it became evident that religion was a key factor in many conflicts including Bosnia Rwanda and Afghanistan However the US failed to correctly appreciate this role for example predicting the failure of the Iranian theocrats in 1979 Today most of the security and foreign relations challenges faced by the US are infused with religious factors from its relations with Iran to the Iraq war and jihadist terrorists Religion however can also play a transnational role when it comes to human rights conflict resolution and political mobilization Written by an expert in the field the book analyzes why the US deliberately avoids the religious dimension of international affairs and proposes a comprehensive approach to a religiously literate US foreign policy Politics in a Religious World addresses a needed area and will appeal to anyone studying US foreign policy as well as the interaction of religion and international affairs *The Palgrave Handbook of Religion, Peacebuilding, and Development in Africa* Susan M. Kilonzo, Ezra Chitando, Joram Tarusarira, 2023-10-17 This Handbook explores the ways in which religion among the African people has been applied in situations of conflict and violence to contribute to sustainable peace and development It analyzes how peacebuilding inspired and enabled by religion serves as the foundation for sustainable development in Africa while also acknowledging that religion can also be a tool of destruction and can be used to fuel violence and underdevelopment Contributors to this volume offer theoretical discussions from existing literature as well as experiences of practitioners to deepen the readers understanding on the role of religion and religious institutions in peacebuilding and development in Africa The Handbook provides reflections on possible future developments as well thereby aligning with the goals of SDG 16 *American Religious History* Gary Scott Smith, 2020-12-07 A mix of thematic essays reference entries and primary source documents covering the role of religion in American history and life from the colonial era to the present Often controversial religion has been an important force in shaping American culture Religious convictions strongly influenced colonial and state governments as well as the

United States as a new republic Religious teachings values and practices deeply affected political structures and policies economic ideology and practice educational institutions and instruction social norms and customs marriage and family life By analyzing religion s interaction with American culture and prominent religious leaders and ideologies this reference helps readers to better understand many fascinating often controversial religious leaders ideas events and topics The work is organized in three volumes devoted to particular periods Volume one includes a chronology highlighting key events related to religion in American history and an introduction that overviews religion in America during the period covered by the volume and roughly 10 essays that explore significant themes These essays are followed by approximately 120 alphabetically arranged reference entries providing objective fundamental information about topics related to religion in America Each volume presents nearly 50 primary source documents each introduced by a contextualizing headnote A selected general bibliography closes volume three

Religion and International Relations Theory Jack L. Snyder,2011 Annotation Through models that integrate religion into the study of international politics the essays in this collection offer a guide to updating the field

African Perspectives on Religion and Climate Change Ezra Chitando,Ernst M. Conradie,Susan M. Kilonzo,2022-05-12 This book interrogates the contributions that religious traditions have made to climate change discussions within Africa whether positive or negative Drawing on a range of African contexts and religious traditions the book provides concrete suggestions on how individuals and communities of faith must act in order to address the challenge of climate change Despite the fact that Africa has contributed relatively little to historic carbon emissions the continent will be affected disproportionately by the increasing impact of anthropogenic climate change Contributors to this book provide a range of rich case studies to investigate how religious traditions such as Christianity Hinduism Islam and indigenous faiths influence the worldviews and actions of their adherents The chapters also interrogate how the moral authority and leadership provided by religion can be used to respond and adapt to the challenges posed by climate change Topics covered include risk reduction and resilience youth movements indigenous knowledge systems environmental degradation gender perspectives ecological theories and climate change financing This book will be of interest to scholars in diverse fields including religious studies sociology political science climate change and environmental humanities It may also benefit practitioners involved in solving community challenges related to climate change The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

Religious Freedom in Africa Edward P. Lipton,2002 Human rights of which the freedom of religion is a central component are promised by most governments on planet Earth But promises are promises are promises In real life religious liberty is far from a universal fact This book surveys the countries of Africa based on U S State Department reports and is augmented by a current bibliography and a useful index

Poverty and the Poor in the World's Religious Traditions William H. Brackney,Rupen Das,2018-12-01 This detailed book is a resource for students practitioners and leaders interested in how

the major world religions have understood poverty and responded to the poor Poverty is a universal phenomenon across history regardless of country or culture Today the demographics of the poor are on the rise globally it is a critical issue Religious traditions are another universal aspect of human societies and nearly all religions include directives on how to respond to the poor and systemic poverty How do the various religious traditions conceptualize poverty and what do they view as the proper response to the poor Poverty and the Poor in the World's Religious Traditions Religious Responses to the Problem of Poverty brings together specialists on the religions of the world and their diverse viewpoints to identify how different religious traditions interact with poverty and being poor It also contains excerpts of religious texts that readers can use as primary documents to illustrate themes such as identifying the poor religious reasons for being poor and responses like charity and development to the existence of poverty This book serves as a powerful resource for students of subjects like international development missiology comparative religion theology social ethics economics and organizational leadership as well as for any socially concerned clergy of various faiths *Rethinking Religion and World Affairs* Timothy Samuel Shah, Alfred Stepan, Monica Duffy Toft, 2012-02-29 In recent years the role of religion in the study and conduct of international affairs has become increasingly important The essays in this volume seek to question and remedy the problematic neglect of religion in extant scholarship grappling with puzzles issues and questions concerning religion and world affairs in six major areas Contributors critically revisit the secularization thesis which proclaimed the steady erosion of religion's public presence as an effect of modernization explore the relationship between religion democracy and the juridico political discourse of human rights assess the role of religion in fomenting ameliorating and redressing violent conflict and consider the value of religious beliefs actors and institutions to the delivery of humanitarian aid and the fostering of socio economic development Finally the volume addresses the representation of religion in the expanding global media landscape the unique place of religion in American foreign policy and the dilemmas it presents Drawing on the work of leading scholars as well as policy makers and analysts *Rethinking Religion and World Affairs* is the first comprehensive and authoritative guide to the interconnections of religion and global politics *Faith in Action, Volume 2* Stan Chu Ilo, Justin Clemency Nabushawo, Ikenna Ugochukwu Okafor, 2020-12-15 Essays originating from the Pan African Catholic Congress on Theology Society and Pastoral Life held at Bigard Memorial Seminary Enugu Nigeria from 5-8 December 2019 *Religions in Contemporary Africa* Laura S. Grillo, Adriaan van Klinken, Hassan Ndzovu, 2019-03-28 *Religions in Contemporary Africa* is an accessible and comprehensive introduction to the three main religious traditions on the African continent African indigenous religions Christianity and Islam The book provides a historical overview of these important traditions and focuses on the roles they play in African societies today It includes social cultural and political case studies from across the continent on the following topical issues Witchcraft and modernity Power and politics Conflict and peace Media and popular culture Development Human rights Illness and health Gender and sexuality With suggestions for further reading discussion

questions illustrations and a list of glossary terms this is the ideal textbook for students in religion African studies and adjacent fields approaching this subject area for the first time
