Religion And Friendly Fire:

Religion and Friendly Fire D.Z. Phillips, 2017-03-02 In locating friendly fire in contemporary philosophy of religion D Z Phillips shows that more harm can be done to religion by its philosophical defenders than by its philosophical despisers Friendly fire is the result of an uncritical acceptance of empiricism and Phillips argues that we need to examine critically the claims that individual consciousness is the necessary starting point from which we have to argue for the existence of an external world and the reality of God that God is a person without a body a pure consciousness and that to assent to a religious belief is essentially to assign a truth value to a proposition independent of any confessional context When these products of friendly fire are avoided we arrive at a new understanding of belief trust and the soul and refuse to say more or less than we know about the realities of human life in the service of religious apologetics **Friendly Fire** Mike Warnke, 2002-03 **Friendly Fire** Mike Warnke, 2012-05-28 The Christian landscape is littered with the bodies of believers who are victims of friendly fire the legalistic judgemental or negatively critical words or actions of others believers Friendly Fire is Mike Warnke's survival guide for believers battered by the religious among us He offers encouragement and hope for the Church's walking wounded in their journey toward healing restoration and wholeness No matter what has happened no believer is too far gone to come back God stands ready and willing to heal and restore With warmth humor and insight gained from his own personal experiences the author provides a soothing balm for believers nursing the wounds inflicted by friendly fire **Friendly Fire** Phyllis Monday, 2017-08-20 D.Z. Phillips' Contemplative Philosophy of Religion Andy F. Sanders, 2016-05-13 This collection presents a critical discussion and exploration of the late D Z Phillips contemplative approach in the philosophy of religion What are the main characteristics of this ground breaking approach which is inspired by thinkers like Kierkegaard and Wittgenstein and meant as a serious critical alternative to the mainstream way of doing philosophy of religion What is its aim if it is deliberately avoiding apology and defence of faith How does Phillips approach relate to systematic historical and empirical theology and is it really as neutral as he claims it to be Or is he perhaps a certain kind of theologian What are the implications of his contemplative philosophy for central issues of religious life today such as petitionary prayer the hope of eternal life and radical religious diversity The essays of six distinguished scholars from five different nations critically and sympathetically address these questions and are responded to by Phillips in essays of his own written briefly before his sudden death in July 2006 Being in Religion Asle Eikrem, 2013 Asle Eikrem strives to develop a systematic philosophical understanding of the constitutive structures of religious discourses Different philosophical traditions phenomenology hermeneutics pragmatics metaphysics or analytical philosophical thinking have articulated these structures in their own distinctive ways The author aims to show how insights from partly conflicting traditions can be coherently reconstructed within the framework of a comprehensive philosophical presentation The central thesis guiding his work is inspired by the deep metaphysics of German philosopher Lorenz B Puntel and states that the relation between the pragmatic

semantic and ontological structures of religious discourses must be understood as internally necessary. They cannot be thought independently from each other. The pragmatic and semantic structures of religious discourses must be understood as substructures in a comprehensive ontological dimension. Being that is characterized as practicable and expressible. **D. Z. Phillips on Religious Language, Religious Truth, and God** Hyoseok Kim, 2022-02-25 D Z Phillips 1934-2006 was one of the most influential, ingenious, and perhaps controversial thinkers in the Anglo-American philosophy of religion. In particular, he is widely regarded as a leading proponent of a Wittgensteinian approach to the philosophy of religion. While almost every book on religious language or Anglophone philosophy of religion deals with Phillips' thought or at least mentions his name, all too frequently his position has been grossly misunderstood and has often attracted unwarranted criticism from various sides. Seeking to offer a constructive presentation and critical discussion of Phillips' view of philosophy, religious language, religious truth, and God, Hyoseok Kim endeavors to resolve some misunderstandings, refute undue criticisms of Phillips' position, and make some suggestions concerning directions in which his view might and ought to be further developed. Transforming the Struggles of Tamars Lina Androviene, 2014-05-29 This book explores the unprecedented challenge of involuntary singleness for women and the implications of disregarding this challenge for the Christian and particularly baptistic communities of faith. It argues that these communities not only fail involuntarily single women but also in so doing suffer a serious detriment to their own communal health and Christian witness. Taking the challenge of involuntary singleness as a test case, this book explores the method of convictional theology and argues for a holistic framework that can draw together the personal, communal, and visionary spheres of human existence. Although primarily a work of theological ethics, it also draws from a number of different disciplines, including cultural studies and sociology, as well as intersections of science and theology. *History of Mind: Studies in the Philosophy of Simo Knuuttila* Ritva Palmén, José Filipe Silva, 2024-12-02 Simo Knuuttila was an influential philosopher, theologian, and historian of philosophy who conducted research on a variety of topics, including modalities, emotions, perception, and change in different historical periods from Ancient to Modern. His contribution to the study of modalities and emotions was groundbreaking and trendsetting, with a lasting impact on the area. In this volume, a group of international scholars, all of whom worked directly with Knuuttila, elaborate on some of those topics, trying to understand the core interpretative ideas, the polemical aspects, and how to develop those interpretations in different authors and/or conceptual frameworks. The result is a unique volume that presents a broad range of perspectives on key topics in the history of philosophy in the last decades, both influenced and challenging the interpretations advocated by Knuuttila. A Recipe for Disaster John Marriott, 2018-10-01 The statistics speak for themselves: record numbers of individuals who at one time identified as Christians are deconverting from the faith and identifying as unbelievers. Why is this happening, and what can be done to prevent it? *A Recipe for Disaster* seeks to answer those questions by focusing on the four ways churches and parents unwittingly contribute to the deconversion process. By over-preparing, under-preparing, ill-

preparing and painfully preparing those they are responsible to disciple into mature believers churches and parents instead set them up for a crisis of faith that all too often leads to the loss of faith In response to each of the four methods of poor preparation A Recipe for Disaster offers a recipe for success four alternative methods of preparation designed to instill lifelong faith The Metaphysics of Paradox Wm. Andrew Schwartz,2018-09-15 This book is an exploration into the paradoxical structure of pluralistic thinking as illuminated by both Western and Eastern insights especially Jainism By calling into question the most fundamental assumptions of religious pluralists the author hopes to contribute to a paradigm shift in discourse on religious pluralism and conflicting truth claims **Religion and European Philosophy** Philip Goodchild,Hollis Phelps,2017-04-13 Religion and European Philosophy Key Thinkers from Kant to i ek draws together a diverse group of scholars in theology religious studies and philosophy to discuss the role that religion plays among key figures in the European philosophical tradition Designed for accessibility each of the thirty four chapters includes background information on the key thinker an overview of the main themes concepts and concerns that occupy his or her attention and a discussion of the religious and theological elements present in his or her thought in light of contemporary issues Given the scope of the volume Religion and European Philosophy will be the go to guide for understanding the religious and theological dimensions of European philosophy for both students and established researchers alike

Readers Comp to Military History Pa ,2001 THE READER S COMPANION TO MILITARY HISTORY is the first major reference work on military history to represent a global perspective More than 150 distinguished military historians biographers and journalists contributed nearly 600 articles to this remarkable chronicle of warfare that combines compelling historical narrative with the latest in contemporary scholarship Here is essential information on major events and battles commanders weaponry and technology and strategy and tactics Other topics include courage discipline the effects of weather on warfare military justice the role of propaganda the evolution of uniforms psychological warfare and morale Filled with surprising anecdotes and little known facts THE READER S COMPANION TO MILITARY HISTORY Whose Will Be Done? John Dyck,Paul Rowe,Jens Zimmermann,2015-09-17 What is the proper relationship of religion to power In this collection of essays a group of interdisciplinary scholars address that question building on the scholarship of the late Dr Jean Bethke Elshtain The first section of this book provides the reader with three previously unpublished essays by Elshtain on the subject of political sovereignty followed by an interview with the noted ethicist and political theorist Dr Elshtain questions the nature of sovereignty in a world where some have elevated the state and the self above the authority of God himself In the second section of the book Sovereignty through the Ages four scholars explore some of the key questions raised by Dr Elshtain s work on Just War resistance to tyranny political liberalism and modernity questioning the ways in which sovereignty may be conceived to reinforce the limitations of human societies and yet seek the greater good In the third section of the book entitled Sovereignty in Context three essays extend her analysis of sovereignty to different contexts Latin

America the Islamic world and the international system as a whole all the while demonstrating the importance of how religious interpretation contributes to our understanding of political power **Attack of the Theocrats** Sean Faircloth, 2014-07-01 At no time in history has the United States had such a high percentage of theocratic members of Congress those who expressly endorse religious bias in law Just as ominously especially for those who share the values and views of Thomas Jefferson and James Madison at no other time have religious fundamentalists effectively had veto power over one of the country's two major political parties As Sean Faircloth argues in this deeply sobering yet highly engaging book this has led to the crumbling of the country's most cherished founding principle the wall of separation between church and state While much of the public debate in the United States over church state issues has focused on the construction of nativity scenes in town squares and the addition of under God to the Pledge of Allegiance former politician and lobbyist Faircloth moves beyond the symbolism to explore the many ways federal and state legal codes privilege religion in law He demonstrates in vivid detail how religious bias in law harms all Americans financially militarily physically socially and educationally and directs special attention to the outlandish words views and policy proposals of the most theocratic politicians Sounding a much needed alarm for all who care about the future direction of the country Faircloth concludes by offering an inspiring 10 point vision of an America returned to its secular roots and by providing a specific and sensible plan for realizing this vision *Carnival and Other Christian Festivals* Max Harris, 2010-01-01 With a riotous mix of saints and devils street theater and dancing and music and fireworks Christian festivals are some of the most lively and colorful spectacles that occur in Spain and its former European and American possessions That these folk celebrations with roots reaching back to medieval times remain vibrant in the high tech culture of the twenty first century strongly suggests that they also provide an indispensable vehicle for expressing hopes fears and desires that people can articulate in no other way In this book Max Harris explores and develops principles for understanding the folk theology underlying patronal saints day festivals feasts of Corpus Christi and Carnivals through a series of vivid first hand accounts of these festivities throughout Spain and in Puerto Rico Mexico Peru Trinidad Bolivia and Belgium Paying close attention to the signs encoded in folk performances he finds in these festivals a folk theology of social justice that however obscured by official rhetoric by distracting theories of archaic origin or by the performers own need to mask their resistance to authority is often in articulate and complex dialogue with the power structures that surround it This discovery sheds important new light on the meanings of religious festivals celebrated from Belgium to Peru and on the sophisticated theatrical performances they embody *Prayers for Cleansing Ancestral Bloodlines in the Courts of Heaven* Bruce Cook, 2024-09-20 The prayer templates and legal insights in this powerful book provide a field tested proven revelatory blueprint from heaven for how to repent of personal and generational sin effectively cleanse your bloodline thoroughly and obtain and receive a favorable verdict in your case from God the Supreme Judge Praying these prayers has resulted in increased typically massive freedom for many

Christians globally Find your breakthrough into a new level and dimension of spiritual freedom and get unstuck by using these prayer templates for repentance of sin as a guide to pray effectively and efficiently in the Courts of Heaven **The**
^**Oxford Handbook of Philosophy of Religion** William Wainwright,2004-12-16 The Oxford Handbook of Philosophy of Religion contains newly commissioned chapters by 21 prominent experts who cover the field in a comprehensive but accessible manner Each chapter is expository critical and representative of a distinctive viewpoint **Ethics after Wittgenstein** Richard Amesbury,Hartmut von Sass,2021-01-28 What does it mean for ethics to say as Wittgenstein did that philosophy leaves everything as it is Though clearly absorbed with ethical questions throughout his life and work Wittgenstein s remarks about the subject do not easily lend themselves to summation or theorizing Although many moral philosophers cite the influence or inspiration of Wittgenstein there is little agreement about precisely what it means to do ethics in the light of Wittgenstein Ethics after Wittgenstein brings together an international cohort of leading scholars in the field to address this problem The chapters advance a conception of philosophical ethics characterized by an attention to detail meaning and importance which itself makes ethical demands on its practitioners Working in conversation with literature and film engaging deeply with anthropology and critical theory and addressing contemporary problems from racialized sexual violence against women to the Islamic State these contributors reclaim Wittgenstein s legacy as an indispensable resource for contemporary ethics Friendly Fire JaNell Lyle,2011-08
