Sacred Journeys A Pastors Memoir With Spiritual Reflections:

Sacred Journeys Paul Whiting, 2004-07 Sacred Journeys is a totally fascinating book raw with spiritual emotion and sexual frankness I recommend that everyone read it Rev Elder Troy Perry Founder Metropolitan Community Church Paul Whiting tells his story in his own unique and engaging way without apologies He is a truth teller a gifted preacher an interpreter of the Word Sacred Journeys is a valuable resource for every library Rev Elder Nancy Wilson Metropolitan Community Church While gays and lesbians have gained acceptance among many Christians the same is not true within conservative churches Paul Whiting's writings will be of great interest to evangelicals going through experiences similar to his Andrew Shackleton Evangelical Fellowship United Kingdom [Why God Doesn't Hate You](#) Tia Michelle Pesando, 2014-04 Due to the supposedly losing war that Christianity has fought against the decline of its values for the last one hundred years Christians seem to have entered a sort of siege mode they are afraid that acceptance of liberal ideas about women homosexuals and the transgender community are a part of the increasing moral decadence of our society As a result they have defensively shut their gates against such perceptions leaving many of us out in the cold Is this God's will No Why God Doesn't Hate You is the result of transgender Roman Catholic consecrated maiden Tia Michelle Pesando's extensive theological research and it brings to light several startling truths No longer should we feel the need to choose between science and faith or between religion and our own understanding of what is right and wrong The knowledge contained herein both reassures and provides an excellent defense for those minorities previously persecuted by Christians as Tia Michelle knows from her own experience coming out after thirty years in the guise of a man Recently she walked into a Roman Catholic church just before mass dressed as a woman wearing the veil of the consecrated maiden and approached the priest with the statement I have assembled a rock solid argument in favour of homosexuality The positive response she received alone shows that there is hope **Memoir, Select Thoughts and Sermons of the Late Rev. Geoffrion,2008-11-15 Each year tens of thousands of pilgrims walk el Camino de Santiago the Way of St James a 500 mile route across northern Spain that has existed for over a thousand years Tim Geoffrion author of The Spirit Led Leader made this pilgrimage with his wife and teenage sons in 2006 He writes in One Step at a Time not about his own journey but about how God works in those who seek to be led by the Spirit Using pilgrimage as a metaphor for the Spirit led life he offers his experiences thoughts and reflections as a catalyst for readers own spiritual pilgrimage the lifelong journey of growth into the life Christ intends for us Geoffrion has written so that readers can learn to recognize God s activity in our lives to live more fully in God s love to follow Jesus Christ according to our unique calling and purpose and to let the Holy Spirit fill and lead us in every aspect of the journey One Step at a Time is for those who value spiritual vitality and growth enough to learn how to live Spirit led lives It is for those willing to invest sufficient time and energy into seeking and finding the spiritual treasures available to us It is for those who are seeking to better root their lives in God and orient themselves around spiritual truths Whether or not we ever travel a path like el Camino we each walk a spiritual pilgrimage one step at a time **Indigenous and Christian Perspectives in Dialogue** Allen G. Jorgenson,2020-12-30 In Indigenous and Christian Perspectives in Dialogue Allen G Jorgenson asks what Christian theologians might learn from Indigenous spiritualities and worldviews Jorgenson argues that theology in North America has been captive to colonial conceits and has lost sight of key resources in a post Christendom context The volume is especially concerned with the loss of a sense of place evident in theologies written without attention to context Using a comparative theology methodology wherein more than one faith

tradition is engaged in dialogical exploration Jorgenson uses insights from Indigenous understandings of place to illumine forgotten or obstructed themes in Christianity In this constructive theological project kairotic places are named as those that are kenotic harmonic poetic and especially enlightening at the margins where we meet the religious other *A History of the Presbyterian and General Baptist Churches in the West of England* Sir Jerom Murch, 1835 *Ministry Among God's Queer Folk, Second Edition* Bernard Schlager, David Kundtz, 2019-01-21 This practical pastoral care handbook written by two self described queer people of faith covers the basic skills that religious caregivers and ministry students need in order to be effective enlightened and supportive pastoral care providers to LGBTQ persons in congregational and other community settings Authors Schlager and Kundtz distinguish pastoral care from pastoral counseling while the latter is reserved for those with special training in the practice of therapy the former can be developed by ministers and lay people with sufficient education and practice This book requires of the reader no previous experience with LGBTQ communities and treats the following topics the definition and functions of pastoral care effective care in challenging times coming out of the closet creating communities of care and caring for a wide variety of LGBTQ relationships The authors provide case studies throughout the book to ground and illustrate their theology of pastoral care To Fix or To Heal Joseph E. Davis, Ana Marta Gonzalez, 2016-02-26 Do doctors fix patients Or do they heal them For all of modern medicine s many successes discontent with the quality of patient care has combined with a host of new developments from aging populations to the resurgence of infectious diseases which challenge medicine s overreliance on narrowly mechanistic and technical methods of explanation and intervention or fixing patients The need for a better balance for more humane healing rationales and practices that attend to the social and environmental aspects of health and illness and the experiencing person is more urgent than ever Yet in public health and bioethics the fields best positioned to offer countervailing values and orientations the dominant approaches largely extend and reinforce the reductionism and individualism of biomedicine The collected essays in To Fix or To Heal do more than document the persistence of reductionist approaches and the attendant extension of medicalization to more and more aspects of our lives The contributors also shed valuable light on why reductionism has persisted and why more holistic models incorporating social and environmental factors have gained so little traction The contributors examine the moral appeal of reductionism the larger rationalist dream of technological mastery the growing valuation of health and the enshrining of individual responsibility as the seemingly non coercive means of intervention and control This paradigm challenging volume advances new lines of criticism of our dominant medical regime even while proposing ways of bringing medical practice bioethics and public health more closely into line with their original goals Precisely because of the centrality of the biomedical approach to our society the contributors argue challenging the reductionist model and its ever widening effects is perhaps the best way to press for a much needed renewal of our ethical and political discourse *The Land of the Gospel; Notes of a Journey in the East* Edmond Déhault de Pressensé, 1865 **The Imperial magazine; or, Compendium**
