Introduction to the Bible Gregory W. Dawes, 2016-11-17 When we first pick it up and open it the Bible can seem confusing and perhaps even frightening Here is this bulky book made up of seventy three sections with unfamiliar titles such as Deuteronomy Ecclesiastes Colossians and Corinthians with numbers in front of almost every sentence rarely any pictures and perhaps a few maps of ancient areas such as Mesopotamia Assyria and Judah Since the Bible looks like a book we may start to read it as we would any other book hoping to move from cover to cover Then we begin to wonder Who wrote this When was it written What kind of writing is this History Science Biography Fiction What am I supposed to get out of it As or if we keep reading the Bible page by page section by section we soon realize that this is no ordinary run of the bookshelf

volume Without a guide the Bible is likely to remain the book most often purchased but not very often read and even less often understood To rescue Bible readers and students from turning their initial enthusiasm into boredom Gregory Dawes gives us this Introduction to the Bible the indispensable prologue to the entire series of the New Collegeville Bible Commentary Dividing the contents into two parts the author first describes how the Old and New Testaments came to be put together and then explores how their stories have been interpreted over the centuries In the words of Dawes this very broad overview of a very complex history offers the general reader a helpful framework within which to begin to understand the Bible The author writes clearly frequently seasoning his explanations with crisp examples This book anchors individual and group Bible study on the solid foundation of basic biblical vocabulary and concepts Gregory W Dawes is senior lecturer in both religious studies and philosophy at the University of Otago New Zealand He undertook graduate study at the Pontifical Biblical Institute in Rome where he completed the Licentiate degree before receiving a PhD from the University of Otago in 1995 He has written several books the most recent being The Historical Jesus Question The Challenge of History to Religious Authority Westminster John Knox 2001 He is currently researching Christian responses to the work of Charles Darwin

Official Knowledge Michael W. Apple, 2000 Annotation A powerful examination of the rightist resurgence in education and the challenges it presents to concerned educators Official Knowledge analyzes the

effects of conservative beliefs and strategies on educational policy and practice Now revised and updated to reflect the very latest developments in the realm of education and policy Apple looks specifically at the conservative agenda s incursion into education through curriculum textbook adoption policies and the efforts of the private and business sectors to centralize their interests within schools At the same time however he points out areas of hope for the future showing how students and teachers have continued the struggle and are now successfully engaged in building more democratic education policies and practices Finally Apple writes in personal terms about his own teaching techniques and work with students both of which challenge some of the ideological and educational policies and practices of the Right

Knowledge and Faith in Thomas Aquinas John I. Jenkins, 1997-07-31 This book offers a revisionary account of key epistemological concepts and doctrines of St Thomas Aquinas particularly his concept of scientia science and proposes an interpretation of the purpose and composition of Aquinas s most mature and influential work the Summa theologiae which presents the scientia of sacred doctrine i e Christian theology Contrary to the standard interpretation of it as a work for neophytes in theology Jenkins argues that it is in fact a pedagogical work intended as the culmination of philosophical and theological studies of very gifted students Jenkins considers our knowledge of the principles of a science He argues that rational assent to the principles of sacred doctrine the articles of faith is due to the influence of grace on one s cognitive powers because of which one is able immediately to apprehend these propositions as divinely revealed His study will be of interest to readers in philosophy theology and medieval studies

The Invisible Religion Thomas Luckmann, 2022-12-27 The Invisible Religion is a modern classic of social science Its influence goes well beyond sociology as it continues to inspire research in such diverse fields as sociology of knowledge ethnology theology sociology of religion and religious studies In this volume the author endeavours to answer one of the most important questions regarding religion in modern times Are Western societies indeed becoming more secular as they modernize His surprising answer is still part of the ongoing debates about secularization as he argues that rather than a decline of religion we are witnessing a shift from an older Church centered form to another invisible and still largely unexplored form of religion Explaining why focusing only on Church when discussing religion is inadequate this book presents a thorough case for reframing the question of the status of religion in modern life in a way that makes visible forms of religion hitherto unseen and sketches some aspects of this new form As such it will appeal to sociologists with interests in social theory religion and the secularization thesis

The Social Role of the Man of Knowledge Florian Znaniecki, 2020-02-13 In this seminal contribution to the sociology of knowledge first published in 1940 Florian Znaniecki develops a typology of the variety of specific social roles that scholars have played and investigates the normative patterns that govern their behavior A central tool for the investigation of these problems is the notion of social circle the audience to which intellectuals address themselves Znaniecki shows that thinkers do not speak to the total society but address selected segments and markets Specific social circles bestow recognition provide material or psychic support and help shape the self
