Hall Young,2014-08-04 IN the summer of 1879 I was stationed at Fort Wrangell in southeastern Alaska very green and very fresh to do what I could towards establishing the white man s civilization among the Thlinget Indians I had very many things to learn and many more to unlearn Thither came by the monthly mail steamboat in July to aid and counsel me in my work three men of national reputation Dr Henry Kendall of New York Dr Aaron L Lindsley of Portland Oregon and Dr Sheldon Jackson of Denver and the West Standing a little apart from them as the steamboat drew to the dock his peering blue eyes already eagerly scanning the islands and mountains was a lean sinewy man of forty with waving reddish brown hair and beard and shoulders slightly stooped He wore a Scotch cap and a long gray tweed ulster which I have always since associated with him and which seemed the same garment unsoiled and unchanged that he wore later on his northern trips He was introduced as Professor Muir the Naturalist Henry Thoreau and John Muir Among the Native Americans Richard F. Fleck,2015-05-12 No two persons in the United States have written with as much passion and power about the bond between human beings and the natural world as Thoreau of WALDEN and Muir of MOUNTAINS OF CALIFORNIA For both Native Americans best exemplified the innate need of the human spirit to merge with the primal wilderness This is the first book to treat together and in depth these two great students of our natural America to explore Native American influence on the development not only of their but America s natural philosophies and environmental awareness **John Muir** John Muir,2013 Scottish naturalist John Muir 1838 1914 helped spark the modern environmental movement Living for months and even years in the wilderness he experienced a deep communion with the sacred and his contemplations on the natural world are filled with mystical intuitions of God s reality This volume contributes to a strain of spirituality that finds an echo in today s environmental movements Call of the Mountains Ann Olander,Farley Olander,2005 Although Southern California s mountain ranges are only partially wilderness they bring wonder into our daily lives even from a distance I wrote this book to remind us of this wonder to champion the mountains beauty and inspire their protection In addition I wrote this book for people around the world to know a seldom heralded dimension of Southern California Several years ago I couldn t find such a book to show Swiss friends Also I ve always wanted to show our mountains beauty to friends and relatives across the country to come and visit them vicariously Call of the Mountains is for you who can t get to the mountains but glimpse them from afar and feel their wonder Last I wrote this book for you who already know these streams canyons and peaks For you the following pages will jog memories of special places and occasions that are yours alone My Story and the stories of people I met takes us along trails to historic areas sparkling waterfalls pristine meadows and the highest peaks *Always*
