determination and ingenuity she could muster she would either join real life pioneers and visionaries in shaping the late 19th century American West or return to a life she had come to despise Chapter notes in each book of the Eagle Rock Trilogy provide the historical context and setting for the characters culture and such events as the introduction of irrigation canals so important to present Idaho s economy construction of the Union Pacific Railroad lines rife with scams and cutthroat skullduggery and the early western Feminist movement all of which did unfold in and around this small railroad town
