Revenge of the Gloobas: The Third Book of the Thousand Years War Angel Ramon,2016-11-15 It is August 2016 one year after the events of Framed He is promoted to a captain of the NYPD and gets a disturbance call in the Kings Plaza Mall in Brooklyn N Y of what seems to be a hostage situation taking place When the four arrive at the mall they find that

there is indeed a hostage situation but the hostage takers aren't human. They are glooba aliens that have somehow found a way to enter Earth via the virtual world using black holes. Eventually the four find out the gloobas are out for revenge. The gloobas vow to get revenge by using the gravitational pull of Earth and attempt to align the planets perfectly to charge their death ray which will wipe Earth off the map. Angel and his friends have to get to the glooba's home planet of Goo before the 10 days are up in order to stop the planets from aligning themselves. Can the four stop the latest revenge plot by the glooba's or will the aliens have their revenge.

An Introduction to the Solar System David A. Rothery, Neil McBride, Iain Gilmour, 2018-01-11 Ongoing advances in Solar System exploration continue to reveal its splendour and diversity in remarkable detail. This undergraduate level textbook presents fascinating descriptions and colour images of the bodies in the Solar System, the processes that occur upon and within them, and their origins and evolution. It highlights important concepts and techniques in boxed summaries while questions and exercises are embedded at appropriate points throughout the text with full solutions provided. Written and edited by a team of practising planetary scientists, this third edition has been updated to reflect our current knowledge. It is ideal for introductory courses on the subject and is suitable for self study. The text is supported by online resources hosted at www.cambridge.org/solarsystem3 which include selected figures from the book, self assessment questions and sample tutor assignments with outlines of suggested answers.
