Taylor Swift for Adults Kev Nickells, 2025-11-04 A detailed analysis of Taylor Swift as a lyricist with an in depth look into her 10 albums Taylor Swift for Adults is a tantalizing opening salvo in Swiftology the study of the work of Taylor Swift While Swift s private life has been covered to death her talent as a lyricist has rarely been analyzed Until now Swifties are well aware that she s a lyricist par excellence but this book makes that case to the unbelievers Swift s gift as a songwriter is not merely sentimentality and circumstance and this book takes a deep look at her 10 albums to isolate what makes her a beloved lyricist for millions Any serious study of a lyricist or poet needs to establish what are the tropes the patterns and the style of that artist and this book does precisely that With careful attention to poetic detail the scansion flow and form of her writing this brings out those details that pass by in a flash on the radio bringing them fully into focus Many have made the argument that Swift is a gifted lyricist in online forums and YouTube comments but this is the first time in writing those arguments have been given shape and serious attention It s a book aimed at adults but not po faced bores taking a subject seriously can also mean laughing at swearwords and sex metaphors Rather than po faced and straitened this is a lightly witty book expressing at its core a deep affection for this generation s favorite songwriter

Fosse,2022-08-01 *A Game with the Mind* to See What You Can Find reveals what is truly in the mind and heart of the reader Through the exercises and examples carefully sequenced for progressive learning one will experience both the why and how of the personal poetic experience The instructive flow of *A Game with the Mind* leads the reader through the process of learning about one's innermost self One will find the advantage of dealing with one's own adversities emotions or even successes in a way that will lead to solutions understandings and even revelations about oneself The greatest difficulty about understanding the value of poetry lies in its most valued use It is not to beautify speech as much as it is to learn of one's innermost thoughts pertaining to any situation that is emotionally spiritually or physically felt The beauty of poetry comes through the illuminating voice of the inner self This book leads one to this objective The how of poetry seems to be the most elusive for the beginner How or where does one begin and how does one continue This book teaches a simple methodology for the beginner It points the way to extract feelings from your mind and heart that you are unaware of It creates an aha for the soul in seeing solutions to problems or finding peace through new understanding In essence this book is either a self help book or an English teacher's textbook for poetry The book progressively works through assignments from the simple basic poetry on toward most styles of poetry of the last two to three hundred years It shows how these can be used today to express our varied feelings and emotions Proverbs (Baker Commentary on the Old Testament Wisdom and Psalms) Tremper III Longman,2006-06-01 With *Proverbs* veteran Old Testament scholar Tremper Longman III offers an accessible commentary on one of Scripture's most frequently quoted and visited books With his deft exegetical and expository skill the resulting work is full of fresh insight into the meaning of the text In addition to the helpful translation and commentary *Proverbs* considers theological implications of these wisdom texts as well as their literary historical and grammatical dimensions Footnotes deal with many of the technical matters allowing readers of varying interest and training levels to read and profit from the commentary and to engage the biblical text at an appropriate level This built in versatility has application for both pastors and teachers This is the second volume in the Baker Commentary on the Old Testament Wisdom and Psalms series *Vamped* David Sosnowski,2004-08-04 Martin Kowalski is an eighty year old man stuck in a twenty year old body He works the graveyard shift He has a poster of Bela Lugosi on his wall and a box of uneaten Count Chocula in his pantry He drinks stem cell derived blood from cleverly packaged and marketed juice boxes He is in short a vampire But since his wildly successful scheme to turn as many mortals as possible into vampires vamp them rather than kill them resulted in a new immortal majority Marty finds little of interest to fill his countless days From the deeply imaginative mind of David Sosnowski who gave us the critically acclaimed junkie angel classic *Rapture* bursts this neo vampire novel studded with pint size vampires known as screamers children who were vamped and are none too happy about it priest vampires who helped

Loose Lips Jordan Cooke,2008-04-17 **Modernism and Eugenics** Donald J. Childs,2001-09-06 In Modernism and Eugenics first published in 2001 Donald Childs shows how Virginia Woolf T S Eliot and W B Yeats believed in eugenics the science of race improvement and adapted this scientific discourse to the language and purposes of the modern imagination Childs traces the impact of the eugenics movement on such modernist works as Mrs Dalloway A Room of One s Own The Waste Land and Yeats s late poetry and early plays The language of eugenics moves he claims between public discourse and personal perspectives It informs Woolf s theorization of woman s imagination in Eliot s poetry it pictures as a nightmare the myriad contemporary eugenical threats to humankind s biological and cultural future And for Yeats it becomes integral to his engagement with the occult and his commitment to Irish Nationalism This is an interesting study of a controversial theme which reveals the centrality of eugenics in the life and work of several major modernist writers
