Lotus Unleashed The Buddhist Peace Movement In South Vietnam 1964 1966:

The Lotus Unleashed Robert J. Topmiller, 2006-11-01 During the Vietnam War Vietnamese Buddhist peace activists made extraordinary sacrifices including self immolation to try to end the fighting They hoped to establish a neutralist government that would broker peace with the Communists and expel the Americans Robert J Topmiller explores South Vietnamese attitudes toward the war the insurgency and U S intervention and lays bare the dissension within the U S military The Lotus Unleashed is one of the few studies to illuminate the impact of internal Vietnamese politics on U S decision making and to examine the power of a nonviolent movement to confront a violent superpower **The Second**

Indochina War William S. Turley, 2008-10-17 Now in a thoroughly revised and updated edition this classic history of the Vietnam War as seen by all participants takes into account the wealth of research and writing on the war since the book's original publication more than two decades ago Leading scholar William S Turley combines original research thorough knowledge of the literature his own insight from many trips to Vietnam during and since the war and sound interpretation into a succinct and well crafted analysis that provides balanced treatment of the Vietnamese Lao Khmer and American dimensions of the war **The Prophet and the Bodhisattva** Charles R. Strain, 2014-02-19 Can religious individuals and communities learn from each other in ways that will lead them to collaborate in addressing the great ethical challenges of our time including climate change and endless warfare This is the central question underlying The Prophet and the Bodhisattva It juxtaposes two figures emblematic of an ideal moral life the prophet as it evolved in ancient Israel and the bodhisattva as it flowered in Mahayana Buddhism In particular The Prophet and the Bodhisattva focuses on Daniel Berrigan and Thich Nhat Hanh who in their lives embody and in their writings reflect upon their respective moral type Berrigan a Jesuit priest pacifist and poet is best known for burning draft files in 1968 and for hammering and pouring blood on a nuclear warhead in 1980 His extensive writings on the Hebrew prophets reflect his life of nonviolent activism Thich Nhat Hanh Buddhist monk Vietnamese exile and poet struggled to end the conflict during the Vietnam War Since then he has led the global movement that he named Engaged Buddhism and has written many commentaries on Mahayana scriptures For fifty years both have been teaching us how to pursue peace and justice a legacy we can draw upon to build a social ethics for our time **JFK and de Gaulle** Sean J. McLaughlin, 2019-08-20 America's road to disaster in Vietnam has been endlessly chronicled but Sean L McLaughlin takes a fresh approach to that familiar story James Herschberg George Washington University Despite French President Charles de Gaulle's persistent efforts to constructively share French experience and use his resources to help engineer an American exit from Vietnam the Kennedy administration responded to de Gaulle's peace initiatives with bitter silence and inaction The administration's response ignited a series of events that dealt a massive blow to American prestige across the globe resulting in the deaths of over fifty eight thousand American soldiers and turning hundreds of thousands of Vietnamese citizens into refugees This history of Franco American relations during the Kennedy

presidency explores how and why France and the US disagreed over the proper western strategy for the Vietnam War France clearly had more direct political experience in Vietnam but France's postwar decolonization cemented Kennedy's perception that the French were characterized by a toxic mixture of shortsightedness stubbornness and indifference to the collective interests of the West At no point did the Kennedy administration give serious consideration to de Gaulle's proposals or entertain the notion of using his services as an honest broker in order to disengage from a situation that was rapidly spiraling out of control Kennedy's Francophobia the roots of which appear in a selection of private writings from Kennedy's undergraduate years at Harvard biased his decision making This book explores how the course of action Kennedy chose in 1963 a rejection of the French peace program all but handcuffed Lyndon Johnson into formally entering a war he knew the United States had little chance of winning

Gateway State Sarah Miller-Davenport, 2021-07-06 How Hawai'i became an emblem of multiculturalism during its journey to statehood in the mid twentieth century Gateway State explores the development of Hawai'i as a model for liberal multiculturalism and a tool of American global power in the era of decolonization The establishment of Hawai'i statehood in 1959 was a watershed moment not only in the ways Americans defined their nation's role on the international stage but also in the ways they understood the problems of social difference at home Hawai'i's remarkable transition from territory to state heralded the emergence of postwar multiculturalism which was a response both to independence movements abroad and to the limits of civil rights in the United States Once a racially problematic overseas colony by the 1960s Hawai'i had come to symbolize John F Kennedy's New Frontier This was a more inclusive idea of who counted as American at home and what areas of the world were considered to be within the U S sphere of influence Statehood advocates argued that Hawai'i and its majority Asian population could serve as a bridge to Cold War Asia and as a global showcase of American democracy and racial harmony In the aftermath of statehood business leaders and policymakers worked to institutionalize and sell this ideal by capitalizing on Hawai'i's diversity Asian Americans in Hawai'i never lost a perceived connection to Asia Instead their ethnic difference became a marketable resource to help other

Americans navigate a decolonizing world As excitement over statehood dimmed the utopian vision of Hawai i fell apart revealing how racial inequality and U S imperialism continued to shape the fiftieth state and igniting a backlash against the islands white dominated institutions

A Displaced Nation Phi-Van Nguyen, 2024-12-15 In *A Displaced Nation* Phi Van Nguyen argues that the displacement of eighty thousand mostly Roman Catholic evacuees from North Vietnam in 1954 had a profound impact on the war opposing Saigon on both Hanoi and on the evacuees themselves Assisting with the transportation emergency relief and resettlement of the evacuees allowed diverse organizations and the United States to support Saigon This transnational mobilization also convinced the evacuees the free world would never let Vietnam remain divided Many people see the Vietnam wars spanning from 1945 to 1989 as separate conflicts But Nguyen demonstrates that the evacuees experienced a continuous civil war *A Displaced Nation* shows the evacuees felt so validated by transnational support that they thought they could use this external help to return one day to the north This belief was not constant nor were the strategies to achieve it the same for all but through their political activism and action the evacuees showed they were willing to seize any opportunity to oppose Hanoi during the subsequent decades even once established overseas

To Build as Well as Destroy Andrew J. Gawthorpe, 2018-12-15 For years the so called better war school of thought has argued that the United States built a legitimate and viable non Communist state in South Vietnam in the latter years of the Vietnam War and that it was only the military abandonment of this state that brought down the Republic of Vietnam But Andrew J Gawthorpe through a detailed and incisive analysis shows that in fact the United States failed in its efforts at nation building and had not established a durable state in South Vietnam Drawing on newly opened archival collections and previously unexamined oral histories with dozens of U S military officers and government officials To Build as Well as Destroy demonstrates that the United States never came close to achieving victory in the late 1960s and early 1970s Gawthorpe tells a story of policy aspirations and practical failures that stretches from Washington D C to the Vietnamese villages in which the United States implemented its nationbuilding strategy through the Office of Civil Operations and Revolutionary Development Support known as CORDS Structural factors that could not have been overcome by the further application of military power thwarted U S efforts to build a viable set of non Communist political economic and social institutions in South Vietnam To Build as Well as Destroy provides the most comprehensive account yet of the largest and best resourced nation building program in U S history Gawthorpe s analysis helps contemporary policy makers diplomats and military officers understand the reasons for this failure At a moment in time when American strategists are grappling with military and political challenges in Afghanistan Iraq and Syria revisiting the historical lessons of Vietnam is a worthy endeavor
