Loud Resounding Sea:

The Loud, Resounding Sea Frank Bonham, 1963 After a dolphin apparently saves his life young Skip Turner becomes involved in a developing friendship with a dolphin and a series of unusual experiences **The War at Troy** Barry B. Powell, 2006 THE WAR AT TROY A TRUE HISTORY Tells the story of the entire saga based on ancient sources with a humorous tongue in cheek tone Fascinating and a great source for what the ancients actually said about the course of this most famous war *Shakespeare's Classical Mythology: A Dictionary* Janice Valls-Russell, Katherine Heavey, 2024-10-17 Why does Bassanio compare himself to Jason What is Hecuba to Hamlet Is the mechanicals staging of the Pyramus and Thisbe story funny or sad This dictionary elucidates Shakespeare's use of mythological references in an early modern context while bringing them to life for today's audiences and readers at a time of renewed critical interest in the reception of the classics and fascination with classical mythology in popular culture It is also a precious tool for practitioners who may not always know quite what to make of mythological references Mythological figures creatures places and stories crowd Shakespeare's plays and poems featuring as allusions poetic analogies inset shows scene settings and characters or plots in their own right Most of these references were familiar to Shakespeare's spectators and readers who knew them from the writings of Ovid Virgil and other classical authors or indirectly through translations commentaries ballads and iconography This dictionary illustrates how far from being isolated a mythological reference may resonate with the poetics of the text and its structure cast light on characters and contexts and may therefore be worth exploring onstage in a variety of ways The 200 headings correspond to words and names actually used by Shakespeare individual figures Dido Venus Hercules categories Amazons Centaurs nymphs satyrs places Colchos Troy Medium and longer entries also cover early modern usage and critical analysis in a cross disciplinary approach that includes reception textual performance gender and political studies **Epic of the Earth** Edith Hall, 2025-03-18 An urgent study of Homer's Iliad exposing the beginnings of the ecological disaster we now face and facilitating our understanding of its history The roots of today's environmental catastrophe run deep into humanity's past Through this unprecedented reading of Homer's Iliad the award winning classicist Edith Hall examines how this foundational text both documents the environmental practices of the ancient Greeks and betrays an awareness of the dangers posed by the destruction of the natural landscape Underlying Homer's account of brutal military operations alliances and cataclysmic struggle is a palpable understanding that the direction in which humanity was headed could create a world that was uninhabitable Hall provides unparalleled insight into the ancient origins of climate change and argues that the Iliad exposes the deepest contradictions behind the environmental problems we have created Indeed it is possible that some of the violence done to the environment throughout history has been authorized if not exacerbated by the celebration of the exploitation of nature in Homer's poem Drawing compelling analogies to contemporary poetry literature and film Hall demonstrates that the Iliad as a priceless document of the mindset of early humans can help us understand the long history

of ecological degradation and inspire activism to rescue our planet from disaster

Book Four Aleister Crowley, 2018-09-10 Hitherto we have spoken only of the mystic path and we have kept particularly to the practical exoteric side of it Such difficulties as we have mentioned have been purely natural obstacles For example the great question of the surrender of the self which bulks so largely in most mystical treatises has not been referred to at all We have said only what a man must do we have not considered at all what that doing may involve The rebellion of the will against the terrible discipline of meditation has not been discussed one may now devote a few words to it

With illustrations by H. N. Humphreys, etc** Robert William FRASER, 1861 *Magick: Liber Aba* Aleister Crowley, Mary Desti, Leila Waddell, 1997-01-01 This profusely illustrated new edition brings together the complete texts of all four parts of Liber ABA Book 4 in one volume under the overall title magick This edition incorporates Crowley's own additions corrections and annotations and restores
