

A photograph of a dirt path leading through a forest. The trees on either side have autumn foliage in shades of orange, yellow, and red. The path is light-colored and leads towards a bright, hazy opening in the distance. The overall mood is peaceful and contemplative.

As I radiate love and goodwill to
others, I will open the channel
for God's love to come to me.

he gives five proofs for God's existence as well as an explication of His attributes. He argues for the actuality and incorporeality of God as the unmoved mover and describes how God moves through His thinking and willing. The second part is on Ethics. Thomas argues for a variation of the Aristotelian Virtue Ethics. However, unlike Aristotle, he argues for a connection between the virtuous man and God by explaining how the virtuous act is one towards the blessedness of the Beatific Vision (*beata visio*). The last part of the *Summa* is on Christ and was unfinished when Thomas died. In it, he shows how Christ not only offers salvation but represents and protects humanity on Earth and in Heaven. This part also briefly discusses the sacraments and eschatology. The *Summa* remains the most influential of Thomas's works.

The *Summa Theologiae* written 1265-1274 and also known as the *Summa Theologica* or simply the *Summa* is the best known work of Thomas Aquinas c. 1225-1274. Although unfinished, the *Summa* is one of the classics of the history of philosophy and one of the most influential works of Western literature. It was intended as an instructional guide for theology students, including seminarians and the literate laity. It was a compendium of all of the main theological teachings of the Catholic Church. It presents the reasoning for almost all points of Christian theology in the West. The *Summa*'s topics follow a cycle: the existence of God, Creation, Man, Man's purpose, Christ, the Sacraments, and back to God.

[Kent County, Delaware Land Records, Volume 1](#) Mary Marshall Brewer, 2009-05-01. Land records are a rich mine of genealogical information. This work consists primarily of deeds, but these early land records served as a catch-all for recordation of events, so a variety of documents are abstracted here, such as powers of attorney, patents, articles of agreement, acknowledgement of receipt of estate portion, deeds of gift to family members, contracts, and quit claims. A few surprising items appear, including some marriage records and births. Every name and relationship is abstracted.
