

Love In Ancient Rome

Naomi Magic

Love In Ancient Rome:

Love in Ancient Rome Pierre Grimal,1967 *Love in Ancient Rome* Lauren Keen,2019-05-29 Set in Ancient Rome a steamy romance blossoms between a noblewoman and her female servant Being married off into a wealthy household Sestalia realizes that having servants was easily the best part In a house filled with them at each corner some particular red hairs caught her eye Ginger servants are rare in ancient Rome almost a commodity amongst nobles And this one was tucked away for her alone Sestalia finds herself curious around the girl and hesitant being her first time with a female Even coming to enjoy her presence more than her soon to be An innocent attraction at first but one that could shatter her only means to remain in this lavish life [Love in Ancient Rome](#) Edgar Royston Pike,1965 [The Origin and Meaning of Courtly Love](#) Roger Boase,1977 *Lupercalia: The Ancient Roman Celebration of Love* Wilford Kirk,2024-10-25 Step back in time to explore the ancient Roman festival of Lupercalia an intriguing and romantic holiday steeped in tradition and mythology Discover the origins of this lesser known Valentine s Day precursor and how it was celebrated by the ancient Romans Learn about the rituals customs and practices associated with Lupercalia from sacrifice to matchmaking to fertility rites Delve into the historical significance of this holiday and its impact on modern day celebrations of love and romance Uncover the myths and legends surrounding Lupercalia including the tale of Romulus and Remus the founding of Rome and the influence of the Roman god Lupercus Explore the symbolism of the lupine wolf and the ritualistic elements of purification and fertility that played a central role in the festivities Gain insight into the role of the Lupercal cave where the priests of Lupercalia performed sacred rites and honored the ancient gods of love Follow along on a journey through time as we explore how Lupercalia was celebrated in different regions of the Roman Empire and how it evolved over the centuries From Rome to Pompeii to Greece experience the diverse traditions and rituals that made Lupercalia a beloved holiday across the ancient world Gain a newfound appreciation for the cultural significance of this ancient celebration of love and fertility From historical texts to archaeological discoveries immerse yourself in the world of Lupercalia and discover the enduring legacy of this ancient Roman Valentine s Day [Lovesapes, Mapping the Geography of Love](#) Duncan S. Ferguson,2012-12-06 Lovesapes introduces the reader to the various meanings and manifestations of love and its many cognates such as compassion caring altruism empathy and forgiveness It addresses how love and compassion have been understood in history and the religions of the world It goes on to explore the ways that our environments and heredity influence our capacity to love and suggests ways to cultivate love and compassion in one s life The book shows how the values of love and compassion are integral to finding humane solutions to the daunting problems we face as individuals as a human family and as an earth community a world in crisis Lovesapes has the following features Describing how love is the essence of the divine and therefore the ground of reality Understanding the meaning of love and its place in our lives Learning how love and compassion have been understood across history culture and tradition Gaining insight about how to increase our capacity to

love and show compassion Discerning how love and compassion can be applied in all aspects of our lives in the regions where we live and in our global setting **The Love Ashram and Other Short Stories** Edward S. Orzac, 2005-12-06 These exotic tales will spice up your spare moments Author Edward Orzac a board certified physician has experienced the sweeping changes of the twentieth century These short stories encompass a lifetime of adventure from World War II in North Africa and Italy to Afghanistan India Vietnam and Indonesia as a medical do gooder A military surgeon in an infantry division he saw war first hand While working as a visiting professor in far off lands he encountered life love and the stuff that dreams are made of In the Orbit of Love David Konstan, 2018-06-15 This book is about love in the classical world not erotic passion but the kind of love that binds together intimate members of a family and very close friends but which may also be extended to include a wider range of individuals for whom we care deeply The book begins with a discussion of friendship focusing particularly on the Greek notion that in friendship the identities of two friends all but merge into one The book then turns to the question of loyalty and why loyalty seems not to have achieved the status of a virtue in classical thought The next chapter considers love in relation to generosity favors and gratitude There follows a discussion of grief which is a symptom of the loss of a loved one The final chapter treats love as the basis of civic solidarity In each case love is at the basis of the relations under examination In this the book departs from the more usual analysis of these affective ties in terms of reciprocity which in one way or another involves an expectation of return Seen this way such relationships seem to have a selfish or at least self centered dimension as distinct from truly other regarding attitudes While it is true that the ancient sources sometimes describe these relations including friendship as forms of mutual obligation there is also a counter strand that emphasizes genuine altruism and it is this aspect that the book seeks to bring out A close look at how love drew into its orbit the various relations examined in this book may shed light on some central features not only of ancient habits of thought but also it is to be hoped our own *Screening Love and Sex in the Ancient World* Monica S. Cyrino, 2013-02-05 This dynamic collection of essays by international film scholars and classicists addresses the provocative representation of sexuality in the ancient world on screen A critical reader on approaches used to examine sexuality in classical settings contributors use case studies from films and television series spanning from the 1920s to the present *The Curious History of Love* Jean-Claude Kaufmann, 2011-12-12 The one emotion that matters most to many people is the one about which social thinkers rarely speak love For many people love is the thing that matters most in their lives they are searching for love hoping to find in love a kind of happiness that they cannot find in their work or by surrounding themselves with material goods But where does this peculiar and powerful blending together of love and happiness come from and why do we find it such a compelling idea today In this short book Jean Claude Kaufmann offers a fresh account of the history of a feeling unlike any other The modern idea of love as passion was born in the 12th century but it was marginalized by the rise of a kind of instrumental calculating reason that became increasingly central to modern societies As calculating reason began to encroach on the personal domain

many individuals sought to escape from it searching for happiness elsewhere As our societies become dominated by calculating reason and selfish individualism we search elsewhere for the kind of happy love that will heal all our wounds This is why we experience so many changes of heart in our personal lives at times we are coldly calculating and then a few moments later we sacrifice ourselves to love without a second thought Written by one of France's leading sociologists this highly readable book sheds new light on love and happiness and will resonate with many readers Love Songs Ted Gioia, 2015-01-14 The love song is timeless From its beginnings it has been shaped by bohemians and renegades slaves and oppressed minorities prostitutes immigrants and other excluded groups But what do we really know about the origins of these intimate expressions of the heart And how have our changing perceptions about topics such as sexuality and gender roles changed our attitudes towards these songs In Love Songs The Hidden History Ted Gioia uncovers the unexplored story of the love song for the first time Drawing on two decades of research Gioia presents the full range of love songs from the fertility rites of ancient cultures to the sexualized YouTube videos of the present day The book traces the battles over each new insurgency in the music of love whether spurred by wandering scholars of medieval days or by four lads from Liverpool in more recent times In these pages Gioia reveals that the tenderest music has in different eras driven many of the most heated cultural conflicts and how the humble love song has played a key role in expanding the sphere of individualism and personal autonomy in societies around the world Gioia forefronts the conflicts controversies and the battles over censorship and suppression spurred by such music revealing the outsiders and marginalized groups that have played a decisive role in shaping our songs of romance and courtship and the ways their innovations have led to reprisals and strife And he describes the surprising paths by which the love song has triumphed over these obstacles and emerged as the dominant form of musical expression in modern society A Natural History of Love Diane Ackerman, 2011-06-01 The bestselling author of A Natural History of the Senses now explores the allure of adultery the appeal of aphrodisiacs and the cult of the kiss Enchantingly written and stunningly informed this audaciously brilliant romp through the world of romantic love Washington Post Book World is the next best thing to love itself A Companion to Roman Love Elegy Barbara K. Gold, 2012-04-25 A Companion to Roman Love Elegy is the first comprehensive work dedicated solely to the study of love elegy The genre is explored through 33 original essays that offer new and innovative approaches to specific elegists and the discipline as a whole Contributors represent a range of established names and younger scholars all of whom are respected experts in their fields Contains original never before published essays which are both accessible to a wide audience and offer a new approach to the love elegists and their work Includes 33 essays on the Roman elegists Catullus Tibullus Propertius Sulpicia and Ovid as well as their Greek and Roman predecessors and later writers who were influenced by their work Recent years have seen an explosion of interest in Roman elegy from scholars who have used a variety of critical approaches to open up new avenues of understanding **Rousseau's Theodicy of Self-Love** Frederick Neuhouser, 2010-07-01 This book is the first

comprehensive study of Rousseau's rich and complex theory of the type of self-love (*amour propre*) that for him marks the central difference between humans and the beasts. *Amour propre* is the passion that drives human individuals to seek the esteem, approval, admiration, or love, the recognition of their fellow beings. Neuhauser reconstructs Rousseau's understanding of what the drive for recognition is, why it is so problematic, and how its presence opens up far-reaching developmental possibilities for creatures that possess it. One of Rousseau's central theses is that *amour propre* in its corrupted manifestations (pride or vanity) is the principal source of an array of evils so widespread that they can easily appear to be necessary features of the human condition: enslavement, conflict, vice, misery, and self-estrangement. Yet Rousseau also argues that solving these problems depends not on suppressing or overcoming the drive for recognition but on cultivating it so that it contributes positively to the achievement of freedom, peace, virtue, happiness, and unalienated selfhood. Indeed, Rousseau goes so far as to claim that despite its many dangers, the need for recognition is a condition of nearly everything that makes human life valuable and that elevates it above mere animal existence. Rationality, morality, freedom, subjectivity itself would be impossible for humans if it were not for *amour propre* and the relations to others it impels us to establish.

Law and Love in Ovid Ioannis Ziogas, 2021-01-28 In classical scholarship, the presence of legal language in love poetry is commonly interpreted as absurd and incongruous. Ovid's legalisms have been described as frivolous, humorous, and ornamental. *Law and Love in Ovid* challenges this wide-spread but ill-informed view. Legal discourse in Latin love poetry is not incidental but fundamental. Inspired by recent work in the interdisciplinary field of law and literature, Ioannis Ziogas argues that the Roman elegiac poets point to love as the site of law's emergence. The Latin elegiac poets may say "make love, not law," but in order to make love, they have to make law. Drawing on Agamben, Foucault, and Butler, *Law and Love in Ovid* explores the juridico-discursive nature of Ovid's love poetry, constructions of sovereignty, imperialism, authority, biopolitics, and the ways in which poetic diction has the force of law. The book is methodologically ambitious, combining legal theory with historically informed, closed readings of numerous primary sources. Ziogas aims to restore Ovid to his rightful position in the history of legal humanism. The Roman poet draws on a long tradition that goes back to Hesiod and Solon, in which poetic justice is pitted against corrupt rulers. Ovid's amatory jurisprudence is examined vis-à-vis Paul's letter to the Romans. The juridical nature of Ovid's poetry lies at the heart of his reception in the Middle Ages, from Boccaccio's *Decameron* to Forcadell's *Cupido iurisperitus*. The current trend to simultaneously study and marginalize legal discourse in Ovid is a modern construction that *Law and Love in Ovid* aims to demolish.

Short Stories Vol 1-4 Bill Valiontis, 2023-12-10 52 Short Stories **Love and**

Love Naomi Magic, 2014-01-30 Her powerful memoirs. Amazing page-turner. Full of lip laughs and exciting short stories.
