

Matter of Two Chinas: The China-Taiwan Issue in the United States Foreign Policy

Kintner, William R.

Note: This is not the actual book cover

Matter Of Two Chinas

**United States. Consulate General
(Hong Kong, China)**

Matter Of Two Chinas:

A Matter of Two Chinas William Roscoe Kintner, John Franklin Copper, 1979 *Can the Two Chinas Become One?* Donald J. Senese, Diane D. Pikcunas, 1989 *Foreign Relations of the United States, 1969-1976, Volume V, United Nations, 1969-1972*, 2004 State Department Publication 11166 Editor Evan M Duncan General Editor Edward C Keefer Part of a subseries of volumes which document the most important issues in the foreign policy of the administration of President Richard M Nixon Presents a documentary record of major foreign policy decisions toward the United Nations during the period 1969 through 1972 **Selections from China Mainland Magazines**, 1961 Re-examining the Cold War: U.S.-China Diplomacy, 1954-1973 Robert S. Ross, Changbin Jiang, 2020-03-23 The twelve essays in this volume underscore the similarities between Chinese and American approaches to bilateral diplomacy and between their perceptions of each other's policy making motivations Much of the literature on U S China relations posits that each side was motivated either by ideologically informed interests or by ideological assumptions about its counterpart But as these contributors emphasize newly accessible archives suggest rather that both Beijing and Washington developed a responsive and tactically adaptable foreign policy Each then adjusted this policy in response to changing international circumstances and changing assessments of its counterpart's policies Motivated less by ideology than by pragmatic national security concerns each assumed that the other faced similar considerations **At Cross Purposes** Richard C. Bush, 2015-02-12 Written by the former chairman and managing director of the American Institute in Taiwan this book sheds new light on key topics in the history of U S Taiwan relations It fills an important gap in our understanding of how the U S government addressed Taiwan and the Taiwan Strait issue from the early 1940s to the present One theme that runs through these essays is the series of obstacles erected that denied the people of Taiwan a say in shaping their own destiny Franklin Roosevelt chose to return Taiwan to mainland China for geopolitical reasons there was little pressure on the Kuomintang to reform its authoritarian rule until Congress got involved in the early 1980s Chiang Kai shek spurned American efforts in the 1960s to keep Taiwan in international organizations and behind the ROC's back the Nixon Carter and Reagan administrations negotiated agreements with the PRC that undermined Taiwan's position In addition to discussing how the United States reacted to key human rights cases from the 1940s to the 1980s the author also discusses the Bush and Clinton administrations efforts to preserve U S interests while accommodating new forces in the region All these episodes have an enduring relevance for the people of Taiwan and in his conclusion the author discusses where the relationship stands today The book includes related documents that helped shape the U S Taiwan relationship *People's China and International Law, Volume 1* Jerome Alan Cohen, Hungdah Chiu, 2017-03-14 In the first of two volumes Jerome Alan Cohen and Hungdah Chiu have presented in a comprehensive form the views of the People's Republic of China on all the major questions of public international law The material chosen includes official acts and statements from every level of the Chinese government editorials and major articles from the People

s Daily dispatches of the New China News Agency and other government media the writings of Chinese scholars and the speeches of China s leaders In an extensive introduction Professors Cohen and Chiu discuss the experience of previous Chinese governments with international law and the relationship of China s domestic public order and its foreign policy to its views of international law Originally published in 1974 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905
