C. S. Lewis & Mere Christianity Paul McCusker, 2014-06-20 Mere Christianity is one of the best books of Christian apologetics ever written Arguably no book other than the Bible itself has had as much influence for the cause of the gospel over the past 60 years The story of how that message came to be created during the rigors of World War II in England is fascinating in and of itself But it also addresses a very important question How do we present the gospel effectively to a culture that has Christian foundations but has become largely secularized and ignorant of biblical truth C S Lewis Mere Christianity develops the circumstances of Lewis s life and the inner workings of the BBC It also goes into greater detail about life in the middle of war against Nazi Germany and Lewis s series of broadcasts that extended into 1944 *Content Licensing* Michael Upshall, 2014-01-23 Content Licensing is a wide ranging and comprehensive guide to providing content for dissemination electronically It outlines a step by step introduction to the why how and frequently asked questions of digital content and how to license it In addition it examines the context in which licensing takes place What makes the book unique is that it examines licensing from a range of perspectives Practical tips for cost effective licensing Guidance on how to ensure the most effective use is made of electronic resources Invaluable for publishers libraries and distributors *What You Need to Know Before Leaving Home* Jeff McDonnell, 2018-05-31 Okay now what It s the normative if not a little panicked question every new parent has been asking for thousands of years at the birth of their first child It s also the question that resurfaces at every significant stage in our kids development Left unanswered or answered incorrectly the consequences can be disastrous for everyone But there exists an effective and proven way to raise good kids to launch into today s world This book is written as one big thought provoking letter from a Mom and Dad to their kids and it will equip the whole family to that end It doesn t take a PhD a counseling degree a radio show or an advice column to get it done either It only takes a commitment to be intentional with your parenting What You Need to Know Before Leaving Home is the answer to the question where can I find a parenting manual for my kids This manual offers a timeless worldview and value system to lead the whole Family towards that which is noble and good In short it s a guidebook to doing good **Religion and Change in Modern Britain** Linda Woodhead, Rebecca Catto, 2013-03-01 This book offers a fully up to date and comprehensive guide to religion in Britain since 1945 A team of leading scholars provide a fresh analysis and overview with a particular focus on diversity and change They examine relations between religious and secular beliefs and institutions the evolving role and status of the churches the growth and settlement of non Christian religious communities the spread and diversification of alternative spiritualities religion in welfare education media politics and law theoretical perspectives on religious change The volume presents the latest research including results from the largest ever research initiative on religion in Britain the AHRC ESRC Religion and Society Programme Survey chapters are combined with detailed case studies to give both breadth and depth of coverage The text is accompanied by relevant photographs and a companion website **Kliatt Young Adult Paperback Book Guide**

,2001 *A Brief Guide to C. S. Lewis* Paul Simpson,2013-09-19 November 2013 marks the 50th anniversary of the death of Clive Staples Jack Lewis when a memorial to him will be placed in Poet s Corner in Westminster Abbey Although perhaps best known as the author of the seven Chronicles of Narnia published between 1949 and 1954 Lewis also wrote *The Pilgrim s Regress* a trilogy of science fiction novels incorporating Christian themes and a large number of non fiction books about his faith accessible to Christians and non believers alike In a survey of the greatest British writers since 1945 the Times newspaper ranked Lewis eleventh ahead of Salman Rushdie Anthony Burgess and Ian Fleming *A Brief Guide to C S Lewis* explores Lewis s life from his reconversion to Christianity under the influence of his friend J R R Tolkien which had such a profound influence on his writing both fiction and non fiction to his marriage to American writer Joy Davidman Gresham and his battle with cancer He died on 22 November 1963 a day before the first ever episode of *Dr Who* a TV series with many links to his Narnia stories was shown Although this Brief Guide ranges well beyond the world of Narnia to explore other aspects of Lewis s life and his other writings it does not do so unusually among books on Lewis from the point of view of Christian scholarship thereby assuming much knowledge of theology on the part of readers That Lewis wrote about the problems of praying is significant the specific texts he discusses and dissects are likely to be of less significance to most readers The guide provides synopses of Lewis s fiction an overview of his other writings a biography and a look at all the many different versions of his stories that have appeared In doing so it draws on recent interviews by the author with some of the many talented people who have worked on these adaptations *Library Journal* ,2006-04 *Library Journal* Melvil Dewey,Richard Rogers Bowker,L.
