Dorrien, 2006-01-01 In this first of three volumes Dorrien identifies the indigenous roots of American liberal theology and demonstrates a wider longer running tradition than has been thought The tradition took shape in the nineteenth century motivated by a desire to map a modernist third way between orthodoxy and rationalistic deism atheism It is defined by its openness to modern intellectual inquiry its commitment to the authority of individual reason and experience its conception of Christianity as an ethical way of life and its commitment to make Christianity credible and socially relevant to modern people Dorrien takes a narrative approach and provides a biographical reading of important religious thinkers of the time including William E Channing Ralph Waldo Emerson Horace Bushnell Henry Ward Beecher Elizabeth Cady Stanton and Charles Briggs Dorrien notes that although liberal theology moved into elite academic institutions its conceptual foundations were laid in the pulpit rather than the classroom **Mormonism in Dialogue with Contemporary Christian Theologies** David Lamont Paulsen, Donald W. Musser, 2007 This volume brings together for the first time a broad range of scholars from Mormon and other Christian traditions Replacing polemics and apologetics with dialogue these exchanges show how the full spectrum of contemporary theologies can be informed by uniquely Mormon ideas and correlatively how Mormon thought can be illuminated through the study of key ideas of the foremost theologians of the twentieth and twenty first centuries *Christian Dogmatics* Carl E. Braaten, Robert W. Jenson, 2011-07 Volume 1 discusses dogmatics the Trinity the identity of God creation sin and Christology **The Oxford Handbook of Systematic Theology** John Webster, Kathryn Tanner, Iain Torrance, 2009-09-11 The Oxford Handbook of Systematic Theology brings together a set of original and authoritative accounts of all the major areas of current research in Christian systematic theology offering a thorough survey of the state of the discipline and of its prospects for those undertaking research and teaching in the field The Handbook engages in a

comprehensive examination of themes and approaches guiding the reader through current debates and literatures in the context of the historical development of systematic theological reflection Organized thematically it treats in detail the full array of topics in systematic theology as well as questions of its sources and norms its relation to other theological and non theological fields of enquiry and some major trends in current work Each chapter provides an analysis of research and debate on its topic The focus is on doctrinal rather than historical questions and on major rather than ephemeral debates The aim is to stimulate readers to reach theological judgements on the basis of consideration of the range of opinion Drawn from Europe the UK and North America the authors are all leading practitioners of the discipline Readers will find expert guidance as well as creative suggestions about the future direction of the study of Christian doctrine **The Voice of Public**

Theology Ted Peters,2022-11-07 Public theologians are already thundering like prophets at climate change and racial injustice But the gale force winds of natural science blow through society as well The public theologian should be on storm watch *The Word as True Myth* Gary J. Dorrien,1997-01-01 Gary Dorrien follows the threads of theology through the twentieth century examining how Christians have reconciled their myth filled religious beliefs within a world secularized by Enlightenment criticism and science To understand how religion keeps its place in Christians lives Dorrien writes we must explore how modern theologians have answered the question of myth in today s Christianity Dorrien s narrative walks readers through modern theology stopping with each of the major thinkers along the way to see how they dealt with the issue of modern Christian mythology Ultimately he offers his own new neo orthodoxy a theology of Word and Spirit that is pluralistic and affirms the mythical character of the gospel while holding fast to the Gospels myth negating condemnation of idolatry and their focus on history *Ethics and Liberation* Charles L. Kammer,2002-12-26 The introduction to the nature and purpose of Christian ethics presents an ethical theory consistent with the fundamental insights of the Christian tradition Ethics and Liberation outlines an ethic which provides guidelines for responsible stands on contemporary issues be they personal or socio political Exploring both the strengths and weaknesses of traditional Christian ethics Kammer proposes going beyond them to an ethic of theonomous responsibility one based on the precepts of liberation theology Stressing the socio political dimension of ethics Kammer follows the threads of Christian tradition that led to an emphasis on personal salvation and a neglect of social issues Finally he traces the path from Christian realism through liberation theology Ethics and Liberation concludes with a discussion of two serious test cases in contemporary moral issues the distribution of health care and nuclear disarmament **Evangelism and the Openness of God** Vaughn W. Baker,2012-12-18 In Evangelism and the Openness of God Vaughn Baker argues that a dynamic concept of God as articulated in open theism better serves the evangelistic mission of the church than does conventional theology Open theism affirms an ontology of love as opposed to power and it focuses on God s kenosis in creation allowing for the authentic freedom of creation influenced by divine persuasion God s genuine temporal relationship with creation one that is open synergist and non coercive provides a new

perspective for evangelistic activity In this volume the author has made a valuable contribution to the integration of new developments in theology and evangelism
