Message In A Bottle Stories Of Men And Addiction:

Message in a Bottle Jefferson A. Singer, 1997-02-01 **Storying Mental Illness and Personal Recovery** Dorte Kirkegaard Thomsen, Tine Holm, Rikke Jensen, Majse Lind, Anne Mai Pedersen, 2023-02-09 An exploration of the interplay between mental illness and narrative identity offering pathways to personal recovery Addiction Treatment Sandra Rasmussen, 2000-06-21 American Journal of Nursing 2001 Book of the Year Award in Psychiatric Mental Health Nursing Developed by a highly experienced author working in both nursing and psychology environments *Addiction Treatment* presents the caregiver with a brief global perspective of different types of addictions techniques for identifying and assessing the addicted client and strategies for effective change The book utilizes assessment planning and intervention summaries to enable the reader to scan for immediate recall and application Chapter objectives enable readers to use the book as a continuing education tool and the appendix provides an overview of perspectives on addiction and its treatment by a variety of organizations heavily invested in the care of the addicted client Illustrative cases with both successful and unsuccessful outcomes are included throughout Autobiographical Memory and the Construction of a Narrative Self Robyn Fivush, Catherine A. Haden, 2003 First Published in 2003 Routledge is an imprint of Taylor Francis an informa company

Family Stories and the Life Course Michael W. Pratt, Barbara H. Fiese, 2004-04-26 This is an edited volume that draws together contemporary research on family narrative within the context of a life span developmental framework *An Introduction to Criminological Theory* Roger Hopkins Burke, 2025-01-28 This book provides a comprehensive and up to date introduction to criminological theory for students taking courses in criminology at both undergraduate and postgraduate level Building on previous editions and the previous companion text this book presents the latest research and theoretical developments in a socio political context All major theoretical perspectives are considered including classical criminology biological and psychological positivism labelling theories feminist criminology critical criminology and left realism situation action theories desistance theories social control theories the risk society postmodern condition and terrorism The new edition has been updated and revised over seven parts to include full chapters on key topics such as Bourdieu and criminology narrative criminology cultural victimology southern theory and criminology green and species criminology critical race theory convict and abolitionist and convict criminologies and ultra realist criminology These key issues are discussed in the context of debates about the fragmentation of modernity and the postmodern condition the rise of political populism risk surveillance and social control conspiracy theories post truth society and speculation about living in post COVID 19 society and the future of neoliberalism Supplemented with chapter summaries critical thinking questions policy implications a full glossary of terms and theories and a timeline of criminological theory this book will appeal to undergraduate and postgraduate students of criminology sociology and politics and is essential reading for advanced students of criminology looking for a way to engage with contemporary themes and concepts in theory **From Morality to**

Mental Health Mike W. Martin, 2006-04-20 Morality and mental health are now inseparably linked in our view of character Alcoholics are sick yet they are punished for drunk driving Drug addicts are criminals but their punishment can be court ordered therapy The line between character flaws and personality disorders has become fuzzy with even the seven deadly sins seen as mental disorders In addition to pathologizing wrong doing we also psychologize virtue self respect becomes self esteem integrity becomes psychological integration and responsibility becomes maturity Moral advice is now sought primarily from psychologists and therapists rather than philosophers or theologians In this wide ranging accessible book Mike W Martin asks are we replacing morality with therapy in potentially confused and dangerous ways or are we creatively integrating morality and mental health According to him it s a little bit of both He surveys the ways in which morality and mental health are related touching on practical concerns like love and work self respect and self fulfillment guilt and depression crime and violence and addictions Terming this integrative development the therapeutic trend in ethics Martin uses examples from popular culture various moral controversies and draws on a line of thought that includes Plato the Stoics Freud Nietzsche and contemporary psychotherapeutic theories Martin develops some interesting conclusions among them that sound morality is indeed healthy and that moral values are inevitably embedded in our conceptions of mental health In the end he shows how both morality and mental health are inextricably intertwined in our pursuit of a meaningful life This book will be of interest to philosophers psychologists psychiatrists and sociologists as well as the general reader

The Psychology of Ultimate Concerns Robert A. Emmons, 2003-07-16 This volume makes a powerful case for the inclusion of ultimate concerns spiritual and religious themes in personal strivings in an attempt to build a motivational theory of personality The book first reviews the growing body of empirical and clinical literature on goal seeking and its relationship to subjective well being life satisfaction and personality description Emmons then sets forth an innovative framework for the assessment and measurement of ultimate concerns

Making Known the Biblical History and Roots of Alcoholics

Strengths-Based Approaches to Crime and Substance Use David Best, Charlotte Colman, 2019-09-30 Although there is a strong and growing literature in the two areas of desistance and addiction recovery they have developed along parallel pathways with little systematic assessment of the empirical evidence about the co occurrence of the relationship or how one area can learn from the other This book aims to fill that gap by bringing together emerging literature on the relationship between offending and substance use Instead of focusing on the active period of its onset and persistence this book examines the mechanisms that support desistance addiction recovery and the common themes of reintegration and rehabilitation With contributions from a wide range of international experts in the fields of desistance and addiction recovery the book focuses on a strengths based relational and community focused approach to long term change in offending and drug using populations as well as the shared barriers to effective reintegration for both This book will be highly informative for a wide audience from academics and students interested in studying desistance and recovery to those working in addiction services and the criminal justice system as well as policy makers and the people undertaking their own journeys to desistance and recovery
