Messages in Music Elizabeth May Strong, Lois E. Ecklund, Elizabeth Anastos, Unitarian Universalist Association, Unitarian Universalism Curriculum Team, 1994-09 In the Middle of a Journey Richard S. Gilbert, 2013-04-17
The role of religious education faith development among Unitarian Universalists marks the uniqueness of this religious movement Without dependence on dogma or creed it is essential that a religious community be free to develop its own distinctive identity The centrality of religious education was evident in the very beginnings of this liberal denomination Rev Richard Gilbert collects many of the most influential statements of religious education philosophy in the anthology In the Middle of a Journey From William Ellery Channings eloquent Sunday School Address to the writings of stalwarts Sophia Lyon Fahs and Angus H MacLean these carefully selected essays trace the evolution of faith development from a Christian catechism to a broadly based faith based quest for values meanings and convictions In an age that tends to belittle the past it is refreshing to realize that if we are to chart where we are going it is wise to know where we have been The Unitarian Universalist movement has been in some interesting places and eagerly seeks an adventurous future Growing Up Absorbed Richard S. Gilbert, 2014 How long does it take to grow a soul to love and to be loved and to help repair the world One lifetime so it is best to be totally engaged in the process Growing Up Absorbed follows the journey from cradle to grave through an education focus There are no shortcuts in this spiritual pilgrimage It can be hard but we are companioned along the way What happens is what Gilbert calls spiritual osmosis absorbing what the world has to teach us and passing on what we have learned an absorbing business Within these covers lies a history of religious education in the Unitarian Universalist tradition with reflections on faith development in the 21st century Beginning with Walt Whitman s poem *A Child Went Forth* as a metaphor the author concludes with life questions that empty the room He finds the journey has its valleys plateaus and mountain peaks and is no casual matter Gilbert shares his excitement on making the journey *Forthcoming Books* Rose Arny, 1994-02 El-Hi Textbooks & Serials in Print, 2005 ,2005 *Darkening the Doorways* Mark D. Morrison-Reed, 2011 Profiles essays and archival documents of African American Unitarian Universalists **El-Hi Textbooks and Serials in Print** ,2006 The Arc of the Universe is Long Leslie Takahashi Morris, Chip Roush, Leon E. Spencer, 2009

Multivocality Katherine Meizel, 2020 Multivocality frames vocality as a way to investigate the voice in music as a concept encompassing all the implications with which voice is inscribed the negotiation of sound and Self individual and culture medium and meaning ontology and embodiment Like identity vocality is fluid and constructed continually even the most iconic of singers do not simply exercise a static voice throughout a lifetime As 21st century singers habitually perform across styles genres cultural contexts histories and identities the author suggests that they are not only performing in multiple vocalities but more critically they are performing multivocality creating and recreating identity through the process of singing with many voices Multivocality constitutes an effort toward a fuller understanding of how the singing voice figures

in the negotiation of identity Author Katherine Meizel recovers the idea of multivocality from its previously abstract treatment and re embodies it in the lived experiences of singers who work on and across the fluid borders of identity Highlighting singers in vocal motion Multivocality focuses on their transitions and transgressions across genre and gender boundaries cultural borders the lines between body and technology between religious contexts between found voices and lost ones **Subject Guide to Books in Print** ,2001
