Metafizika V Drevnei Gretsii:

The ^ANotebooks of Alexander Skryabin ,2018-04-16 This new source book for the Russian composer Alexander Skryabin provides a full translation of his writings as published in Moscow in 1919 with supplementary texts and letters from the composer Commentary by Simon Nicholls examines the sources of Skryabin s thought and its relation to aspects of his compositional techniques and an outline biography relates Skryabin s work to his extraordinary short life Russian Literature and the Classics Peter I. Barta,David H. J. Larmour,Paul Allen Miller,2013-12-02 Russian Literature and the Classics attempts to fill a gap To date there has been no book length systematic study of the impact of antiquity on Russian literature and culture While by no means claiming to offer a comprehensive approach the authors focus on various aspects of the influence which the Classics have had on Russian literature at particularly significant junctures the beginning of the nineteenth century the age of the great Russian realist novel the Silver Age Stalin s terror the Thaw after 1956 and the period just before the collapse of Soviet society In their introductory essay the editors offer an overview of the Classical Tradition In it they provide an insight into the contrasting ways in which that tradition manifested itself in the literatures of Western Europe and of Russia *The Moscow Pythagoreans* Ilona Svetlikova,2013-07-05 In Russia at the turn of the twentieth century mysticism anti Semitism and mathematical theory fused into a distinctive intellectual movement Through analyses of such seemingly disparate subjects as Moscow mathematical circles and the 1913 novel Petersburg this book illuminates a forgotten aspect of Russian cultural and intellectual history *Russia's Plato* Frances Nethercott,2019-07-31 This title was first published in 2000 This work identifies the differences between the Russian intellectual approach to reading Plato and that of other European countries This study offers a complex perspective on Russian philosophical learnings up to 1930 The book contains five chapters with the first aiming to provide the general institutional context in which Russian 19th century Plato scholarship developed caught as it were between the rise of the historical sciences and the heavy hand of state interference in standardizing the educational system in the name of nation building and modernization The second chapter attempts to illustrate how Plato served as a reference in Russian philosophical culture and the third deals with aspects of Russian philosophy of law In the fourth chapter the author shifts his approach to compare and contrast a number of reactions to a single dialogue the Republic and in the final concluding chapter addresses the question of whether it is legitimate to speak of a Russian Platonism **Philosophy of Economy** Sergei Bulgakov,2008-10-01 The writings of Sergei Bulgakov 1871 1944 like those of other major social thinkers of Russia s Silver Age were obliterated from public consciousness under Soviet rule Discovered again after eighty years of silence Bulgakov s work speaks with remarkable directness to the postmodern listener This outstanding translation of Philosophy of Economy brings to English language speakers for the first time a major work of social theory written by a critical figure in the Russian tradition of liberal thought What is unique about Bulgakov Catherine Evtuhov explains in her introduction to this book is that he bridges two worlds His

social thought is firmly based in the Western tradition yet some of his ideas reflect a specifically Russian way of thinking about society Though arguing strenuously in favor of political and social liberty Bulgakov repudiates the individualistic basis of Western liberalism in favor of a conception of human dignity that is compatible with collectivity His economic theory stresses the spiritual content of life in the world and imagines national life as a kind of giant household Bulgakov s work with its singularly postmodern balance between Western and non Western offers fascinating implications for those in the process of reevaluating ideologies in post Soviet Russia and in America as well *Russian Orthodoxy Under the Old Regime* Robert Lewis Nichols, Theofanis George Stavrou, 1978 *Problems of Idealism* Owen Bennett Jones, 2003-01-01 This work was originally published in 1902 marked a watershed in the Russian Silver age a vibrant cultural renaissance *Russian Studies in Philosophy* , 2007 Great Soviet Encyclopedia Aleksandr Mikhailovich Prokhorov, 1973 Neo-idealist Philosophy in the Russian Liberation Movement Randall Allen Poole, 1996
