Metallica The Inside Story Of Some Kind Of Monster:

Metallica Joe Berlinger, Greg Milner, 2014-03-25 Triumphs because of the commitment and fearlessness of Metallica and shows that tenacious reporting can still produce great narratives New York Times Metallica is one of the most successful hard rock bands of all time having sold more than ninety million albums worldwide Receiving unfettered access acclaimed filmmakers Joe Berlinger and Bruce Sinofsky followed Metallica over two and a half years as they faced personal and professional challenges that threatened to destroy the band just as they returned to the studio to record their first album in four years While the documentary itself provides an insider's view of Metallica the two and a half years of production and more than 1 600 hours of footage garnered far more than can be expressed in a two hour film Berlinger's book reveals the stories behind the film capturing the uncertainty and ultimate triumph of both the filming and Metallica's bid for survival It weaves the on screen stories together with what happened off screen offering intimate details of the band's struggle amidst personnel changes addiction and controversy In part because Berlinger was one of the only witnesses to the intensive group therapy sessions and numerous band meetings his account is the most honest and deeply probing book about Metallica or any rock band ever written A fascinating look at the logistics of making an album and the dysfunctional family that bands can become Chicago Tribune This book should be required reading for aspiring filmmakers Publishers Weekly Berlinger takes us even deeper into the inner sanctum many events that were edited for the film including a pivotal scene in which drummer Lars Ulrich laces into singer James Hetfield are transcribed in full USA Today
