Metaphysics A Study in First Principles Philosophy as a special form of mental activity seeks to answer these two questions How is knowledge possible What is the true nature of reality The first question deals with the knowing subject and his relation to the object The aim is to give an exposition and a theory of the knowing process and to unfold its implications The second question deals with the nature of the object viewed as a thing in itself The first question belongs to the theory of knowledge the second belongs to metaphysics About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works Metaphysics Borden P Bowne, 2008-10-06 Many of the earliest books particularly those dating back to the 1900s and before are now extremely scarce and increasingly expensive We are republishing these classic works in affordable high quality modern editions using the original text and artwork **Metaphysics** Borden Parker Bowne, 1898 **DEFENDING EVANGELICALISM** William C. Roach, 2020-11-15 This book is an important part of the historical record of Dr Norman L Geisler It displays Geisler's intellectual gifts and devotion to the Lordship of Christ in his defense of Christianity and classic evangelicalism This book written by one of Geisler's long time and trusted assistants will be of importance to those who want a first hand interpretation of Geisler and the significance of Geisler's method for present day evangelicalism It provides a clear assessment of the impact of Geisler's embrace of classical realism classical theism the doctrine of inerrancy in the context of twentieth century evangelical theology while providing a way forward to apply Geisler's method in the twenty first century **Metaphysics** Borden Parker Bowne, 2013-11 This is a reproduction of a book published before 1923 This book may have occasional imperfections such as missing or blurred pages poor pictures errant marks etc that were either part of the original artifact or were introduced by the scanning process We believe this work is culturally important and despite the imperfections have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide We appreciate your understanding of the imperfections in the preservation process and hope you enjoy this valuable book Abū'l-Barakāt al-Baghdādī's Metaphysical Philosophy Moshe Pavlov, 2017-04-21 Abū'l-Barakāt is a renowned philosopher of the Arabic Jewish milieu who composed in his magnum opus the Kitāb al-Mu'tabar a comprehensive metaphysics which challenged the accepted notions of the traditional metaphysical philosophy Abū'l-Barakāt al-Baghdādī's Metaphysical Philosophy examines the novel

philosophical conceptions of the first book of the Metaphysics of the Kit b al Mu tabar The aim is to present a developed conception of Ab l Barak t s systematic metaphysics This is accomplished by following the order of topics discussed while translating the relevant passages These different topics comprise stages of cognition that move from an analysis of time creation and causality to the conception of a higher spiritual realm of mental entities and a conception of God as the First Knower and Teacher The epistemological and ontological conceptions are analyzed at each culminating stage Ab l Barak t al Baghd d s Metaphysical Philosophy analyzes vast portions of the metaphysical study for the first time The book will thus be a valuable resource for all those seeking an original and broad metaphysics and for students and scholars of Jewish and Islamic Philosophy Furthermore it is of importance for those seeking a metaphysics related to scientific theories and those interested in the history of science and metaphysics
