Meteor And Other Stories:

Meteor and Other Stories John Wyndham, Patrick Nobes, 2000-01-01 It was just a smooth round metal ball less than a metre in diameter Although it was still hot from its journey through the huge nothingness of space it looked quite harmless But what was it exactly A meteor perhaps just one of those pieces of rock from outer space that occasionally fall down on to the planet Earth But meteors don't usually make strange hissing sounds In this collection of four of his famous science fiction stories John Wyndham creates visions of the future that make us think carefully about the way we live now The Chase of the Meteor, and Other Stories... Edwin Lassetter Bynner, 2013-12 Unlike some other reproductions of classic texts 1 We have not used OCR Optical Character Recognition as this leads to bad quality books with introduced typos 2 In books where there are images such as portraits maps sketches etc We have endeavoured to keep the quality of these images so they represent accurately the original artefact Although occasionally there may be certain imperfections with these old texts we feel they deserve to be made available for future generations to enjoy Oxford Bookworms Library: Stage 6: Meteor and Other Stories John Wyndham, 2008-01-03 Word count 26 380 **The Cold Equations & Other Stories** Tom Godwin, 2003 This is a collection of stories by a master of science fiction adventure with added dimensions of speculation and cold hard realism The American Annual Encyclopedia and Register of Important Events of the Year ... , 1892 Appleton's Annual Cyclopædia and Register of Important Events of the Year ... , 1892 **Appletons' Annual Cyclopaedia and Register of Important Events** , 1892 *The Chase of the Meteor* Edwin Lassetter Bynner, 1890 The Confessions of Caliban and Other Stories Nigel Sellars, 2002-11-18 From the depths of outer space to the tight spaces of the inner mind the short stories in this collection range from the confessions of a Shakespearian monster to the rantings of a serial killer who exists outside time and space and to the bemused thoughts of a man whose world is literally falling apart around him Moving from the humorous *The World the Flesh and Maxwell Harrison* to the horrific *Melissa s Bear* and the cautionary *Priorities the Confession of Caliban and Other Stories* seeks to go beyond the average science fiction or fantasy story and explore human experiences in a variety of writing styles from the traditional to the experimental Whether you come away with a smirk a smile or a decided chill up your spine you will find these short stories an unforgettable experience Appletons' Annual Cyclopedia and Register of Important Events , 1892
