

WISTFUL TALES

The background of the cover is a misty, blue-toned landscape. On the left side, there is a large, dark pine tree with a thick trunk and a wide, flat-topped canopy. In the background, a dense forest of similar trees is visible, partially obscured by a thick mist or fog. The overall color palette is a range of blues, from light sky blue to deep, dark forest blues.

Light, 1921 Averton Terry Pellman, 2016-10-25 Why Averton Who would bring death and destruction to such a place Kelly Hastings was looking forward to a quiet retirement after a stellar career with the Averton Police Department The Chief of Detectives was enjoying his recent remarriage having put his wandering eye to rest He has found that the elementary school principal he married was eager and willing to ensure that his libido was well taken care of If only she were not haunted by self doubts regarding her own levels of passion Their lives are shaken when Averton Ohio becomes the target of bombings and murder Kelly must deal with the fact that his mentor the Chief of Police is in failing health leaving him to carry much of the burden of a small city reeling in fear and suspicion A close friend to Kelly complicates matters by coordinating a local defense organization whose actions and capabilities quickly take on a level of seriousness that alarms him And when similar bombings take place in other American cities with similar characteristics to Averton the local defense cadre begins to extend its reach Kelly must deal with further tragedy and loss the crosscurrents of anxiety among the residents and divided loyalties But the last things he expected was yet another erotic temptation that would alter his life forever The question remains Why Averton **Fear of the Night** Cindy Parmiter, 2015-11-02 Dreams we all have them but for some people what

should be a time for their bodies and minds to rest turns into a nightmare from which there seems to be no escape These are their stories Tales of shadow people witches and demons who stalk their victims in the dark place that exists between dreams and reality Uplifting stories that foretold joyful events yet to come Sleepwalking incidents that are both amusing and disturbing This book also shares stories of dreams that changed people's lives for the better as well as tales of night terrors so horrifying that sleep became something to fear and dread for those victimized by the night Prepare yourself for the chilling tales of what some people must endure in an attempt to get some sleep Welcome to their nightmare *Deadly*

Dreams John Michael Howson, 2001 Collection of ten short stories each with a twist Each tale creates a bizarre or gruesome situation out of ordinary events A previous collection of similar stories by the author was published as *Once Upon a Nightmare* in 1998 Author is a show business reporter who has appeared on many TV and radio programs including *Good Morning Australia* and *The Mike Walsh Show* He also co wrote the Australian musical *Shout* Dreams and Dream Stories

Anna Bonus Kingsford, 2014-10-08 exhilarating atmosphere favor its activity while on the other hand moisture proximity to rivers cloudy skies and a depressing heavy climate will for an indefinite period suffice to repress it altogether It is not therefore surprising that the greater number of these dreams and especially the most vivid detailed and idyllic have occurred to me while on the continent At my own residence on the banks of the Severn in a humid low lying tract of country I very seldom experience such manifestations and sometimes after a prolonged sojourn at home am tempted to fancy that the dreaming gift has left me never to return But the results of a visit to Paris or to Switzerland always speedily reassure me the necessary magnetic or psychic tension never fails to reassert itself and before many weeks have elapsed my Diary is once

more rich with the record of my nightly visions Some of these phantasmagoria have furnished me with the framework and even details of stories which from time to time I have contributed to various magazines A ghost story published some years ago in a London magazine and much commented on because of its peculiarly weird and startling character had this origin so had a fairy tale which appeared in a Christmas Annual last year and which has recently been re issued in German by the editor of a foreign periodical Many of my more Steepside Beyond the Sunset *Tales of the Subconscious* Paul Reji George,2019-10-31 There is freedom within the construct of our dreams Sometimes that freedom is achieved from a journey through darkness and at times it is achieved through words that shape and form worlds within us These stories are mere tales that represent a reality that is usually hidden within the fabric of our subconscious mind Dream along with the tales that take form within you give in to your imagination let it guide you and free your soul that is often caged between your reality and dreams
