## **Rape Of Shavi:**

*Rape of Shavi* Buchi Emecheta, 2000-05-30 Emecheta's fluent prose is steeped in the tradition of a difficult rural African life. The New York Times An allegorical tale in which a collision between Westerners and tribal members imperils the stoic traditionalism of the Africans **Buchi Emecheta's The Rape of Shavi and Second Class Citizen** Amy Stirling, 1998

**Writing Across Cultures** Omar Sougou, 2021-10-25 This is a timely and comprehensive study combining various critical approaches to the fiction of Buchi Emecheta one of Africa's most illustrious and contentious women writers. Feminist Showalter, Cixous, Kristeva and postcolonial approaches writing back are taken to Emecheta's texts to illuminate the personal, political and aesthetic ramifications of the production of this born writer. Poststructural programmes of analysis are shown to be less relevant to this writer's fiction than Marxist and Bakhtinian perspectives. Emecheta is shown to be a bridge builder between two cultures and two worlds in narratives both challenging and popular, characterized by ambiguity, ambivalence and double-voiced discourse, all of which evince the writer's determination to expose imaginatively the colonial heritage of centre-periphery conflicts, cultural corruption, ethnic discrimination, gender oppression and the migrant experience in multiracial communities.

**Nigerian Literary Imagination and the Nationhood Project** Toyin Falola, 2022-07-14 This book explores how modern Nigerian fiction is rooted in writers' understanding of their identity and perception of Nigeria as a country and home. Surveying a broad range of authors and texts, the book shows how these fictionalized representations of Nigeria reveal authentic perceptions of Nigeria's history and culture today. Many of the lessons in these works of literature provide cautionary tales and critiques of Nigeria as well as an examination of the lasting impact of colonialism. Furthermore, the book presents the nation as both the framework and subject of its narrative. By conducting literary analyses of Nigerian fiction with historical reference points, this work demonstrates how Nigerian literature can convey profound themes and knowledge that resonates with audiences, teaching Nigerians and non-Nigerians about the colonial and postcolonial experience. The chapters cover topics on nationhood, women's writing, postcolonial modernity and Nigerian literature in the digital age.

**Representing Africa in Children's Literature** Vivian Yenika-Agbaw, 2007-12-13 *Representing Africa in Children's Literature* explores how African and Western authors portray youth in contemporary African societies, critically examining the dominant images of Africa and Africans in books published between 1960 and 2005. The book focuses on contemporary children's and young adult literature set in Africa, examining issues regarding colonialism, the politics of representation and the challenges posed to both insiders and outsiders writing about Africa for children. [Encyclopedia of African Literature](#) Simon Gikandi, 2003-09-02 The most comprehensive reference work on African literature to date, this book covers all the key historical and cultural issues in the field. The Encyclopedia contains over 600 entries covering criticism and theory, African literature's development as a field of scholarship and studies of established and lesser-known writers and their texts. While the greatest proportion of literary work in Africa has been a product of the twentieth century, the Encyclopedia

also covers the literature back to the earliest eras of story telling and oral transmission making this a unique and valuable resource for those studying social sciences as well as humanities This work includes cross references suggestions for further reading and a comprehensive index

**Reading Buchi Emecheta** Katherine Fishburn,1995-04-25 In this first full length study of Emecheta s fiction Fishburn highlights the difficulties inherent in reading across cultures She challenges the notion that all we need to understand African texts is a willingness to be open to them arguing that too many of the cultural and critical preconceptions we bring to these texts interfere with our ability to understand them Directly responding to Western feminist criticism written about Emecheta this study argues that Emecheta herself is not a feminist in the Western sense and that her novels should not be construed as reflecting this political interest In close readings of eight of her best known works this study reveals a complex narrative voice which is far more supportive of Emecheta s own African culture and its tradition than has been recognized previously
