My Individualism and the Philosophical Foundations of Literature Natsume Soseki, Inger Brodey, 2011-12-20 Published here for the first time in English My Individualism and The Philosophical Foundations of Literature are essays which explore issues close to famed Japanese novelist Soseki Natsume's heart the philosophical and cultural significance of isolation belonging and identity associated with rapid technological industrial and cultural change Set against the background of the Meiji era in which Soseki believed modern man was dislocated from Japan's past as well as its future he defines the role of art and the artist in light of the loneliness and individualism of the modern world True to his self-conscious style each essay includes individual biographical anecdotes inviting their allegorical reading as stories about the fate of Japan In My Individualism Soseki gives a rare account of his stay in London from the perspective of twelve years after his return allowing us to see the profound shift in his thinking about literature that occurred during this time In The Philosophical Foundations of Literature we find one of Soseki's principal attempts to provide a cross-cultural framework for the interpretation of literature Together the essays reveal Soseki's attempts to create a theory of literature that is characteristically Japanese

Reflections in a Glass Door Marvin Marcus, 2009-07-15 Much has been written about Natsume Soseki 1867-1916 one of Japan's most celebrated writers Known primarily for his novels he also published a large and diverse body of short personal writings shohin that have long lived in the shadow of his fictional works The essays which appeared in the Asahi shinbun between 1907 and 1915 comprise a fascinating autobiographical mosaic while capturing the spirit of the Meiji era and the birth of modern Japan In *Reflections in a Glass Door* Marvin Marcus

introduces readers to a rich sampling of Soseki's shōhin. The writer revisits his Tokyo childhood recalling family friends and colleagues and musing wistfully on the transformation of his city and its old neighborhoods. He painfully recounts his two years in London where he immersed himself in literary research even as he struggled with severe depression. A chronic stomach ailment causes Soseki to reflect on his own mortality and what he saw as the spiritual afflictions of modern Japanese: rampant egocentrism and materialism. Throughout, he adopts a number of narrative voices and poses the peevish husband, the harried novelist, the convalescent, the seeker of wisdom. Marcus identifies memory and melancholy as key themes in Soseki's personal writings and highlights their relevance in his fiction. He balances Soseki's account of his Tokyo household with that of his wife Natsume Kyoko, who left a straightforward record of life with her celebrated husband. Soseki crafted a moving and convincing voice in his shōhin, which can now be pondered and enjoyed for their penetrating observation and honesty as well as the fresh perspective they offer on one of Japan's literary giants. *A Fictional Commons* Michael K.

Bourdagh, 2021-08-09. Modernity arrived in Japan as elsewhere through new forms of ownership. In *A Fictional Commons*, Michael K. Bourdagh explores how the literary and theoretical works of Natsume Sōseki (1867–1916), widely celebrated as Japan's greatest modern novelist, exploited the contradictions and ambiguities that haunted this new system. Many of his works feature narratives about inheritance, thievery, and the struggle to obtain or preserve material wealth while also imagining alternative ways of owning and sharing. For Sōseki, literature was a means for thinking through and beyond private property. Bourdagh puts Sōseki into dialogue with thinkers from his own era, including William James and Mizuno Rentarō, author of Japan's first copyright law, and discusses how his work anticipates such theorists as Karatani Kōjin and Franco Moretti. As Bourdagh shows, Sōseki both appropriated and rejected concepts of ownership and subjectivity in ways that theorized literature as a critical response to the emergence of global capitalism. **Kusamakura** Natsume

Sōseki, 2008-01-29. A stunning new English translation, the first in more than forty years, of a major novel by the father of modern Japanese fiction. Natsume Sōseki's *Kusamakura* (meaning grass pillow) follows its nameless young artist narrator on a meandering walking tour of the mountains. At the inn at a hot spring resort, he has a series of mysterious encounters with Nami, the lovely young daughter of the establishment. Nami or beauty is the center of this elegant novel, the still point around which the artist moves and the enigmatic subject of Sōseki's word painting. In the author's words, *Kusamakura* is a haiku-style novel that lives through beauty. Written at a time when Japan was opening its doors to the rest of the world, *Kusamakura* turns inward to the pristine mountain idyll and the taciturn lyricism of its courtship scenes, enshrining the essence of old Japan in a work of enchanting literary nostalgia. **The History of Manchuria, 1840-1948** Ian Nish, 2025-10-01. In *A History of Manchuria*, Ian Nish describes the turbulent times which the three Northeastern Provinces of China experienced in the last two centuries. The site of three serious wars in 1894, 1904, and 1919, the territory rarely enjoyed peace, though its economy progressed because of the building of arterial railways. From 1932, it came under the rule of the Japanese-inspired

government of Manchukuo based at Changchun But that was short lived being brought to an end by the punitive incursion and occupation of the country by Soviet forces in 1945 Thereafter the devastated territory was fought over by Chinese Nationalist and Communist armies until Mukden Shenyang fell to the Communists in October 1948 Manchuria under populated but strategically important was the location for disputes between China Russia and Japan the three powers making up the triangle which gives the name to the sub title of this study These countries were hardly ever at peace with one another the result being that the economic growth of a potentially wealthy country was seriously retarded The story is illustrated by extracts drawn from contemporary documents of the three triangular powers **Sanshiro** Natsume Soseki,2009-11-26 One of Soseki s most beloved works of fiction the novel depicts the 23 year old Sanshiro leaving the sleepy countryside for the first time in his life to experience the constantly moving real world of Tokyo its women and university In the subtle tension between our appreciation of Soseki s lively humour and our awareness of Sanshiro s doomed innocence the novel comes to life Sanshiro is also penetrating social and cultural commentary *Encyclopedia of the World Novel, 1900 to the Present* Michael David Sollars,Arbolina Llamas Jennings,2015-04-22 Praise for the print edition a useful and engaging reference to the vast world of the novel in world literature **The Facts on File Companion to the World Novel** Michael Sollars,Arbolina Llamas Jennings,2008 **Language, Nation, Race** Atsuko Ueda,2021-06-01 A free open access ebook is available upon publication Learn more at www.luminosoa.org Language Nation Race explores the various language reforms at the onset of Japanese modernity a time when a national language kokugo was produced to standardize Japanese Faced with the threat of Western colonialism Meiji intellectuals proposed various reforms to standardize the Japanese language in order to quickly educate the illiterate masses This book liberates these language reforms from the predetermined category of the nation for such a notion had yet to exist as a clear telos to which the reforms aspired Atsuko Ueda draws on while critically intervening in the vast scholarship of language reform that engaged with numerous works of postcolonial and cultural studies She examines the first two decades of the Meiji period with specific focus on the issue of race contending that no analysis of imperialism or nationalism is possible without it
