biography book now Celebrity Biographies - The Amazing Life of Jordana Brewster and Michelle Rodriguez - Famous Stars Matt Green, Ever wondered how Jordana Brewster and Michelle Rodriguez rose to stardom Among the most beautiful women working in Hollywood today Jordana Brewster has packed an exhilarating life into just 34 years Having lived in four separate countries by the age of ten become a professional working actress by the age of 15 and an American sex symbol before her college graduation she has the experience of someone twice her age Although she is best known as a staple of the Fast and Furious franchise alongside Vin Diesel Michelle Rodriguez and the late Paul Walker she has also participated in everything from high budget fashion shoots to soap operas A boxer a racer and a super natural being A fiery Latina with an unconventional personality and multiple run ins with the law These are just a few words that describe the famous actress Michelle Rodriguez Born in 1978 by a Dominican mother and a Puerto Rican father she faced identity issues early on Her Hispanic ancestry as well as her extended family of ten siblings characterized her from the beginning of her life Her unorthodox personality was pretty obvious even from her early teenage years when she was expelled from various schools while at the same time she had a hard time acquiring her diploma For more interesting facts you must read the biographies Grab Your biography books now Popular Culture: Global Intercultural Perspectives Ann Brooks, 2014-07-15 Through popular culture we can define explore and experiment with our identities This vibrant text provides an understanding of popular culture in a globalized world through the intersection of sociology and cultural studies combining cultural theory with a wide range of examples from everyday life including fashion social networking and music drawn from the United States the UK and the Asia Pacific **FilmCraft: Producing** Geoffrey Macnab, Sharon Swart, 2013-01-21 Responsible for hiring all members of cast and crew from the director onwards the producer's role is central to the making of any film and responsibilities can include everything from script development to securing financing to masterminding a film's marketing campaign While few film producers are household names they wield a degree of control that only the biggest name directors can aspire to As with all of the FilmCraft titles this book is based on new indepth interviews and features such greats as Tim Bevan Marin Karmitz Jeremy Thomas Jon Kilik Lauren Shuler Donner Jan Chapman and Peter Aalb k Jensen **Privacy Revisited** Ronald J. Krotoszynski Jr, 2016-04-18 Rapid technological change the advent of Big Data and the creation of society wide government surveillance programs have transformed the accessibility of highly personal information these developments have highlighted the ambiguous treatment of privacy and personal intimacy National legal systems vouchsafe and define privacy and its first cousin dignity in different ways that reflect local legal and cultural values Yet in an increasingly globalized world purely local protection of privacy interests may prove insufficient to safeguard effectively fundamental autonomy interests interests that lie at the core of self definition personal autonomy and freedom Privacy Revisited articulates the legal meanings of privacy and dignity through the lens of comparative law and argues that the concept of privacy requires a more systematic approach if it is to be useful in framing and protecting certain fundamental

autonomy interests The book begins by providing relevant and reasonably detailed information about both the substantive and procedural protections of privacy dignity in the U S Canada South Africa the United Kingdom and among Council of Europe member states Second the book explores the inherent tension between affording significant legal protection to the right of privacy or human dignity and securing expressive freedoms notably including the freedom of speech and of the press The author then posits that the protection of privacy helps to illuminate some of the underlying social and political values that lead the U S to fail to protect privacy as reliably or as comprehensively as other liberal democracies Finally the book establishes that although privacy and speech come into conflict with some regularity it is both useful and necessary to start thinking about the important ways in which both rights are integral to the maintenance of democratic self government

The United States Constitution in Film Eric T. Kasper, Quentin D. Vieregge, 2018-10-15 The U S Constitution is often depicted in popular films teaching lessons about what this founding document means and what it requires Mr Smith Goes to Washington educates how a bill becomes a law 12 Angry Men informs us about the rights of the accused Selma explores the importance of civil rights voting rights and the freedom of speech Lincoln shows us how to amend the Constitution Not only have films like these been used to teach viewers about the Constitution they also express the political beliefs of directors producers and actors and they have been a reflection of what the public thinks generally true or not about the meaning of the Constitution From the indictment of Warren Court rulings in Dirty Harry to the defense of the freedom of the press in All the President s Men and The Post filmmakers are often putting their stamp on what they believe the Constitution should mean and protect These films can serve as a catalyst for nationwide conversations about the Constitution and as a way of either reinforcing or undermining the constitutional orthodoxies of their time Put another way these films are both symbols and products of the political tug of war over the interpretation of our nation s blueprint for government and politics To the contemporary student and the casual reader popular films serve as an understandable way to explain the Constitution This book examines several different areas of the Constitution to illuminate how films in each area have tried to engage the document and teach the viewer something about it We expose myths where they exist in film draw conclusions about how Hollywood s constitutional lessons have changed over time and ultimately compare these films to what the Constitution says and how the U S Supreme Court has interpreted it Given the ever present discussion of the Constitution in American politics and its importance to the structure of the U S government and citizens rights there is no question that the popular perceptions of the document and how people acquire these perceptions are important and timely
