Refiguring Anthropology First Principles Of Probability Statistics:

Figuring Anthropology David Hurst Thomas, 1976 *Archaeological Method and Theory* Linda Ellis, 2003-12-16 This Encyclopedia brings together the most recent scientific information on a collection of subjects that are too often and inconveniently treated in separate publications It provides a survey of archaeological method and theory as well as the application of physical and biological sciences in archaeological research Every aspect of archaeological work is represented from the discovery process to the ultimate disposition of materials Thus the reader will find entries on subject matter covering disciplinary theory legislation affecting the work of archaeologists pre excavation surveying excavation methodology on site conservation techniques post excavation analysis The rapid evolution of analytical technology is often superficially treated or not covered at all in textbooks or other commonly available sources Here the latest refinements in techniques such as radiometric dating stable isotopic analysis and the PCR technique of DNA analysis are presented clearly and authoritatively The discussion of these techniques is amplified by including results of the work of professionals conducting interdisciplinary research and by covering the methodological enhancements provided by the physical and natural sciences Cultural property legislation regardless of its country of origin has affected how archaeologists conduct their work This encyclopedia covers all major U S legislation developed for the protection of cultural property including the recent Native American Graves Protection and Repatriation Act and offers a substantial article on worldwide legislation concerning the reburial of human remains and its effects on the present and future practice of archaeology Without some sort of conservation program at the point of excavation valuable materials may be inadvertently contaminated or destroyed Many simple and low cost techniques to promote both sample integrity and long term preservation for major classes of materials are described in this volume Traditional treatments of method and theory usually focus on prehistoric periods and are limited in their geographic range This volume includes discussions based on various historical periods on different continents as reflected in entries such as Historical Archaeology Industrial Archaeology Medieval Archaeology and Classical Archaeology

Refiguring Anthropology David Hurst Thomas, 1986 Introductory text which explores the quantitative techniques of probability statistics as they apply to are used by anthropologists *The Archaeologist's Laboratory* E.B. Banning, 2000-09-30 Intended as a text for students in upper division undergraduate and graduate level courses as well as a manual for professional researchers and cultural resource management practitioners the book is abundantly illustrated and referenced and includes a glossary of key terms Suggested laboratory exercises to accompany the text are available on a web site **BOOK JACKET** *The Human Bone Manual* Tim D. White, Pieter A. Folkens, 2005-11-08 Building on the success of their previous book White and Folkens *The Human Bone Manual* is intended for use outside the laboratory and classroom by professional forensic scientists anthropologists and researchers The compact volume includes all the key information needed for identification purposes including hundreds of photographs designed to show a maximum amount of anatomical

information Features more than 500 color photographs and illustrations in a portable format most in 1:1 ratio Provides multiple views of every bone in the human body Includes tips on identifying any human bone or tooth Incorporates up to date references for further study *Bioarchaeology of Southeast Asia* Marc Oxenham, Nancy Tayles, 2006-04-20 Bioarchaeology of Southeast Asia focuses uniquely on the physical remains of the prehistoric peoples of this region Centuries of Decline during the Hohokam Classic Period at Pueblo Grande David R. Abbott, 2016-12-01 In the prehispanic Southwest Pueblo Grande was the site of the largest platform mound in the Phoenix basin and the most politically prominent village in the region It has long been held to represent the apex of Hohokam culture that designates the Classic period New data from major excavations in Phoenix however suggest that little was classic about the Classic period at Pueblo Grande These findings challenge views of Hohokam society that prevailed for most of the twentieth century suggesting that for Pueblo Grande it was a time of decline rather than prosperity a time marked by overpopulation environmental degradation resource shortage poor health and social disintegration During this period the Hohokam in the lower Salt River Valley began a precipitous slide toward the eventual abandonment of a homeland that they had occupied for more than one thousand years This volume is a long awaited summary of one of the most important data recovery projects in Southwest archaeology synthesizing thousands of pages of data and text published in seven volumes of contract reports The authors all leading authorities in Hohokam archaeology who played primary roles in this revolution of understanding here craft a compelling argument for the eventual collapse of Hohokam society in the late fourteenth century as seen from one of the largest and seemingly most influential irrigation communities along the lower Salt River Drawing on extremely large and well preserved collections the book reveals startling evidence of a society in decline as reflected in catchment analysis archaeofaunal assemblage composition skeletal studies burial assemblages artifact exchange and ceramic production The volume also includes a valuable new summary of the archival reconstruction of the architectural sequence for the Pueblo Grande platform mound With its wealth of data interpretation and synthesis *Centuries of Decline* represents a milestone in our understanding of Hohokam culture It is a key reference for Southwest archaeologists who seek to understand the Hohokam collapse and a benchmark for anyone interested in the prehistory of Arizona Mixed Methods in Ethnographic Research Pertti J. Peltto, 2017-03-03 *Mixed Methods in Ethnographic Research* Historical Perspectives captures the dynamic history and development of mixed methods research in a narrative of personal discovery growth and experience Distinguished ethnographer and methodologist Pertti Peltto who first called for the integration of qualitative and quantitative research methods nearly half a century ago establishes a direct line between the earliest examples of ethnographic research and the ongoing mixed method discussions in academic institutions throughout the world By bringing together such distinct historical perspectives with his own reflections on mixed methods research Peltto offers a rare and endlessly enriching account that will satisfy the ever growing need for a better quality of practical data gathering and give researchers a

foundation for promoting mixed methods in the future

Paleoethnobotany, Third Edition Deborah M Pearsall, 2015-09

This new edition of the definitive work on doing paleoethnobotany brings the book up to date by incorporating new methods and examples of research while preserving the overall organization and approach of the book to facilitate its use as a textbook. In addition to updates on the comprehensive discussions of macroremains, pollen, and phytoliths, this edition includes a chapter on starch analysis, the newest tool in the paleoethnobotanist's research kit. Other highlights include updated case studies, expanded discussions of deposition and preservation of archaeobotanical remains, updated historical overviews, new and updated techniques and approaches including insights from experimental and ethnoarchaeological studies, and a current listing of electronic resources. Extensively illustrated, this will be the standard work on paleoethnobotany for a generation.

Field Methods in Archaeology Thomas R Hester, Harry J Shafer, Kenneth L Feder, 2016-09-16

Field Methods in Archaeology has been the leading source for instructors and students in archaeology courses and field schools for 60 years since it was first authored in 1949 by the legendary Robert Heizer. Left Coast has arranged to put the most recent Seventh Edition back into print after a brief hiatus, making this classic textbook again available to the next generation of archaeology students. This comprehensive guide provides an authoritative overview of the variety of methods used in field archaeology, from research design to survey and excavation strategies to conservation of artifacts and record keeping. Authored by three leading archaeologists with specialized contributions by several other experts, this volume deals with current issues such as cultural resource management, relations with indigenous peoples, and database management, as well as standard methods of archaeological data collection and analysis.
