Whitson,1988 The Prospects for a Regional Human Rights Mechanism in East Asia (RLE Modern East and South East Asia) Hidetoshi Hashimoto,2015-05-15

Regional inter governmental human rights organizations have been in operation for sometime in Europe the Americas and Africa These regional human rights mechanisms have proven to be useful and effective in comparison to the global human rights mechanisms available at the United Nations The purpose of this study first published in 2004 is to investigate the possibility of establishing a regional inter governmental human rights mechanism in East Asia with a focus on the contributions of nongovernmental organizations NGOs to such a development Routledge Library Editions: Business and Economics in Asia Various,2021-07-14 This set examines a vast range of topics covering all experiences of business and economics from across Asia Dealing with early banking systems in China the industrialisation of Korea and Taiwan the evolution of Japanese business practices economic development protectionist policies industrial investment trade tourism and a host of other topics the books collected here form a vital reference resource across a wide subject area The Politics of Central American Integration Rafael A. Sánchez Sánchez,2010-12-20 This book charts the key stages of Central American integration and demonstrates the advances and limitations of governments cooperating at a level of integration that goes beyond the confines of the nation state **Japan and Protection** Syed Javed Maswood,2018-10-26 In the 1980s the extent of Japanese export penetration into other Western economies particularly the USA became a matter of international concern There were demands for Japan to reciprocate on imports for the Japanese market to be opened up and by some people for sanctions or a trade war if the Japanese did not respond This book first published in 1989 examines the growth of protectionist sentiment and the Japanese response to it It examines in detail the debates within Japan and discusses the measures which the Japanese took including the voluntary export restraint measure in the motor sector It concludes that broadly the Japanese did indeed respond to world demands for their market to be opened up but that successful exporting to

Japan depended equally on efforts by Western companies to service that market which they were slow to do Managing Foreign Exchange Risk Richard J. Herring, 1986-04-30 A collection of essays about foreign exchange risk and how to cope with it **Closing the Gold Window** Joanne Gowa, 2019-05-15 On August 15 1971 President Nixon announced that the United States would no longer convert dollars into gold or other primary reserve assets effectively ending the Bretton Woods regime that had governed post World War II international monetary relations Complementing earlier works that emphasize international political and economic factors Joanne Gowa's book examines the ways in which domestic influences contributed to this crucial action In *Closing the Gold Window* she argues that the mid 1971 decision was the consequence in part of the high priority Nixon administration officials assigned to maintaining U S freedom of action at home and abroad She also maintains that the organization of the U S government for the conduct of international monetary policy played a role in the decision that ended the Bretton Woods regime
